Holding Tank: 25 gal (94.64 liters)
Imported: No
HIN/IMO: ILC24443B244

Engine/Generator Info

Engine 1

MTU
Inboard
600HP
447.42KW
Fuel: Diesel
Location: Port

Engine 2

MTU
Inboard
600HP
447.42KW
Fuel: Diesel
Location: Starboard

Summary/Description

Taking inspiration from the world of exotic car design and yachting, Pannone has created a boat with sensual and, at the same time, muscular lines with a pleasant touch of "aggressiveness".

Ideal both as a tender and as a yacht, the Italian Charme 50, a "Made in Italy" vessel, was born from the creative pencil of the Neapolitan architect and yacht **designer Alessandro Pannone** and built by the award-winning yard, **Italian Luxury Custom Yachts** in Modena Italy.

The wide hull gives greater stability to the yacht's performance. Aluminum and carbon fiber construction keep her light for added speed/performance.

The central dinette boasts convertible sofas for better optimization of the interior spaces. By lowering the side walls, it is possible to open the hard top and raise a table with hydraulic pistons, thus transforming the dinette from a relaxation area into a dining area.

The owner's cabin with bathroom, and a galley, as well as the head located forward.

Both aft and bow you can count on two large sunbathing areas.

The Italian Charme 50 is completely customizable; each customer will be able to choose colors, finishes, materials, the type of closure of the roof, and the type of engine and drive types.

Those who love to live "eco-green" will be able to install electric drives with glass with photovoltaic cells in order to exploit ecological and free solar energy.

Italian Luxury Custom Yachts in Modena Italy produces high-quality yachts that combine technology with luxury, always guaranteeing high levels of customization. We offer boats with an original and detailed design, studied and planned according to the needs and preferences of each client.

Estimated price \$4,000,000 (Euro)
