Summary/Description

The Astondoa 100 Century will be making her USA Premiere at the 2019 Fort Lauderdale International Boat Show. The yacht features multiple spaces to relax outdoors. Powered with two MTU 16V2000M86 2.186 horsepower engines she can reach 24 knots at maximum speed and cruises at an impressive 20 knots.

Astondoa 100 Century

The Century 100' is a celebration of Astondoa's 100 years of history which shows how classic luxury can fit today's yachting lifestyle. She is designed to host large groups of family and friends who want to spend time on the water. The Century 100' features oversized lounges, open-air dining, and a single-level upper deck. Designed with no steps to impede walking from bow to stern, making easy to move around the upper deck even when navigating.

Owners will love hosting friends and socializing onboard thanks to ample lounge seating. This vessel has adjustable sunbeds at bow and stern and all the tools needed for comfortable outdoor living. Plus, the ample flybridge makes it possible for guests to enjoy their time onboard in all types of weather conditions.

INTERIOR

The interiors of the Century 100' were created by Cristiano Gatto in collaboration with Astondoa's design department, yet it is fully customizable for every owner. As soon as the main doors to the salon slide open, you are welcomed into the spacious interior. The massive space and tasteful furnishings add to the immediate feeling of luxury.

Indoor spaces display a sophisticated design and a masterful combination of high-quality finishes and materials. Real wood veneers, polished stainless steel, top grain leather, glass, and high-performance carbon fiber used strategically throughout the yacht heighten the senses and add to the luxurious environment.

Each space onboard this modern Astondoa model is customizable. Owners are invited to make decisions and design a vessel to fit their particular style. For our shipyard, customization means crafting a yacht that embodies your dreams.

The layout of each area has been carefully planned to optimize comfort and ensure a spacious feel. This is clear in her full-beam master cabin located on the main deck. Ample dimensions, stylish detailing and expansive views from the large windows on either side make this cabin a relaxing haven.

The Astondoa 100' Century is equipped with two MTU 16V2000M86 2.186 hp engines. Performance is unbeatable for a yacht of this size and displacement. It reaches 24 knots at maximum speed and sustains cruising speed at 20 knots. The optional package includes two M96 engines.
