Holding Tank: 80 gal (302.83 liters)

Engines/Generators

Summary/Description

The New Astondoa 66 Flybridge provides the luxury of its larger flybridge counterparts like the popular Astondoa 80 Flybridge.

New Astondoa 66 Flybridge

Welcome aboard the 66' Flybridge, a yacht known for unmatched comfort, livability, and customization. This model was added to the Astondoa range to accommodate those who enjoy the option of captaining themselves. With a tall freeboard, she boasts ample internal volume, comparable with a much larger yacht. Featuring aggressive lines and large windows flanking the hull and superstructure, the 66' Flybridge was designed to stand out in her class.

This yacht was conceptualized as the ultimate pleasure craft, providing all the practical features that owners need to fully appreciate living on board.

She can fit on most backyard docks and suits the needs of an owner-operator, or a captain and crew. With three plush sunbeds, outdoor galley and bar for entertaining, plus a wide swimming platform, the owners and guests are guaranteed to enjoy cruising.

A unique characteristic of the 66' Flybridge is that there are no steps on the main deck. This smart design feature makes it easy to move around the deck space securely. The stern area, with a wide couch and al fresco dining table, is covered and well-lit to be utilized during the day or evening.

On the 66' Flybridge model, guests have their choice of where to relax. Large sunbeds on the bow and flybridge are the perfect places to enjoy the sun and cool sea breezes. With comfortable cushions and adjustable backrests, they transform into reclined seating with ease. Plus, the integrated couch at the bow provides more space for guests.

A large, submersible swim platform can hold a tender, PWC or your favorite water toys, making it an ideal day boat for water sports, excursions and island hopping.

Equipped with a tender lift system, launching and storing a support boat is simple and secure. Once the gear is deployed, the immense platform can remain in the water to facilitate getting in and out of your favorite swimming spot.

A door in the transom provides direct access to the crew quarters and two side stairs lead up to the main deck. Crew quarters for two also double as an extra guest cabin while the owner has the helm.

INTERIOR

Long windows on either side of the main saloon allow natural light to pour inside and make the internal volume seem even larger. Each living area can be decorated according to the owner's tastes. This model features two elegant sofas, a coffee table, an extendable dining table and leather footrests which double as seating.

Trade-in welcome. G Marine Yacht Sales offers to ship worldwide.
