THE NEW HANSE 418 INSPIRED BY "WATER"

**ON ORDER ARRIVES MAY 2020**

The new Hanse 418 exudes a unmistakable, strong personality that makes every day you spend on the water a true highlight. Its clear, fast lines are already the talk of an amazed sailing scene. Thanks to the optimised hydrodynamic flow conditions, the straight stem and extra-long waterline, this Hanse yacht is perfect for a genuine sailing experience: fast, safe and comfortable gliding through the water. With all this, the Hanse 418 is setting a new standard in its class. Come aboard and revel in its beauty!

The Hanse Easy Sailing Concept is legendary. We invented the integrated self-tacking jib and brought all the lines to the helm. This means you can sail your yacht alone or carefree while enjoying time with guests. Reefing, tacking and setting sail can all be performed from the helm without any effort. The deck is free of lines and fittings, giving you uncompromising comfort and space while you are at sea or relaxing in the harbour.

Feel at home on the high seas. The trademark fast hull line and the impressive sail plan come from the pen of Judel/Vrolijk & Co, the world's best and most experienced yacht construction engineers. The combination of a perfectly harmonised lateral plan and a pre-balanced rudder blade are a further guarantee for high-speed performance and safety while you are sailing

With Hanse, you have a progressive yacht that makes a statement. Technical innovations and quality in every detail are just as much part of the Hanse 418 as are an emotional design and comfortable atmosphere of well-being. Each detail is a subtle expression of superior design. The well-orchestrated ensemble of advanced technology and its integration is the highest art of yacht design at Hanse and what drives us to create the perfect yacht.
