Year: 2020
Location: Starboard

Summary/Description

Custom Built 36 Invincible Yacht Tender Dive Door - Diamond Stitch Interior - Garmin Electronics - Tow Eye

New Garmins

New Bottom Paint

Recent Scheduled Motor Service

Waxed Hull

Designed by renowned naval architect Michael Peters, the patented, high performance "Stepped-Vee Ventilated Tunnel" (SVT) hull creates the lowest drag coefficient of any mono hull in the world. This means increased speed, better fuel economy than conventional stepped hulls, and an all-around better ride.

This Invincible 36' Open Fisherman with triple Mercury 350's hits top speeds in excess

of 70 Mph. The 475 Gallon fuel capacity will get you to the farthest fishing grounds and back with speed and comfort.

Beautiful fit and finish, state-of-the-art construction, and the implementation of the highest quality materials available. This combined with fantastic customer service and attention to what the customer desires separates owning an INVINCIBLE from the rest.

Mercury Engines: Factory Warranty 7/22/22, Extended Gold 7/22/22-7/22/24

Location: Harbour Towne Marina Dry Stack
