LOA: 78' (23.77m)  
Cabins: 3  
Sleeps: 6

Maximum Speed: 20 Cruise Speed: 11  
Fuel Type: Diesel  
Hull Material: Fiberglass  
Air Conditioning: Yes

Displacement: 103260 Stabilizers:  
Standard  
Stabilizer Brand: Naiad  
Bow Thruster: Yes  
Stern Thruster: Yes  
Fuel Tank: 3000 gal (11356.23 liters)  
Fresh Water: 500 gal (1892.71 liters)  
Builder: Marlow  
HIN/IMO: XXE78109C505

## Engines/Generators

### Engine 1

Caterpillar  
C18  
Inboard  
1001HP  
Fuel: Diesel  
Year: 2005  
Location: Port

### Engine 2

Caterpillar  
C18  
Inboard  
1001HP  
Fuel: Diesel  
Year: 2005  
Location: Starboard

### Generator 1

Northern Lights  
24KW

### Generator 2

Northern Lights  
25KW

## Summary/Description

Just put on the market. Stepping aboard you get the impression of being on a much larger yacht with her 20+ ft. beam, innovative design, and generous side decks.

**HOOLIGAN V** is powered by the reliable Caterpillar C-18 diesels. She has appx. 2000 hours and the CAT's have received the 2000 hour service. All varnish completely renewed and many other recent improvements.

## Accommodation

When one steps aboard **HOOLIGAN V** they immediately get the impression of being a much larger vessel. This is due in part to a 20+' beam and innovative design. The aft deck is larger than what you would typically find on a 100-footer and integrates with the extended swim platform.

Entering the main salon you will immediately become impressed with the ambiance and feeling of spaciousness due in part to her excellent sight lines, large windows, and limited separation between the salon and galley / wheelhouse. It's hard to believe that you're on a 78-footer with generous side decks.

The owner's stateroom is located midship on the lower deck, positioned forward of the engine room, near center where the beam is the greatest. This provides the owner with the most spacious and comfortable cabin of any vessel in **HOOLIGAN V's** size range. His and Her baths are located aft of the stateroom. It should be noted that aft of the owner's accommodations, are the fuel tanks in the forward section of the engine room which greatly reduces sound levels.

The VIP stateroom is located all the way forward. The second guest stateroom is located between the Master and VIP on the port side. Each of the two guest staterooms have their own private heads with stall showers. Crew quarters are all the way aft, accessed from a companionway on the aft deck. This provides excellent segregation between the owner, their guests and their crew.

The flybridge deck and over-sized hard top affords all on board a great place to enjoy their surroundings.

We encourage your personal inspection of this very special vessel. We strongly feel that it will exceed your expectations.

## Galley

Sharp Carousel microwave oven

Braun trash compactor

Krupp's coffee maker

Kitchen Aid 3 hp stainless-steel in-sink macerator

Sub-Zero 700 BR 4-drawer refrigerator

Sub-Zero open door freezer
