2006 Tiara 4300 Sovran, "Art Department". The Tiara 4300 Sovran was a game changer in the boating industry. It was the first American boat to be designed exclusively for Volvo's revolutionary IPS drive system, requiring less engine room space than conventional drives. This enabled Tiara to use this additional space to create a full-size guest cabin with its own head. The Sovran's luxurious interior features teak interior wood and solid teak & holly sole. An open salon with convertible settee to starboard and full-service galley to port, makes for a very comfortable entertaining area. The forward stateroom offers a queen island berth with private head and stall shower. The current owner has spared no expense upgrading "Art Department" including:

- New batteries and charger (11-2019)
- New windlass (12-2019)
- New Garmin electronics (8-2018)
- Fusion stereo upgrade (3-2018)
- New IPS drives (4-2019)
- Bowthruster (4-2019)
- V-cool window tint (6-2020)
- Fresh motor service (11-2020)
- Fresh bottom paint (4-2019)
