### Generator 1

KOHLER  
9KW

## Summary/Description

Carver 37 Coupe 2019 with twin 300 hp Volvo D4 inboard diesels and 9 kw Kohler generator. This is an original owner vessel and was custom ordered with the beautiful Anthracite hull and hardtop. Heavily optioned with bow and stern thruster and upgraded electronics. Excellent Condition. \$569,000

## Vessel Overview

Glass Seas II is an original owner 2019 Carver 37 Coupe that was special ordered with numerous custom options. The hull sides and the hardtop are a beautiful and distinctive Anthracite color with the optional Cora Greyhound exterior vinyl. Glass Seas II is powered by the optional 300 hp Volvo D4 EVC Diesel inboards with just over 200 hours on them. This power package gives you an efficient cruise of approx 29 mph and a top speed of 33 mph. The Kohler 9 KW diesel generator provides sufficient power to meet all of your electrical needs when away from the dock. The optional bow AND stern thrusters make dockside handling effortless and [stress](#) free.

When coastal cruising, the upgraded Garmin electronics package includes 16" display, GPS Chartplotter, Sonar, Radar, VHF and Autopilot provide everything needed for safe navigation.

When stepping aboard the 37 Coupe at the transom onto the large swim platform there are [large storage](#) lockers and a transom door to starboard. Moving into the cockpit there is seating directly to starboard and large L shaped seating directly to port with a large teak table. There is storage beneath all of the seating and covers to protect the fabric when not in use. The fiberglass cockpit floor has removable seagrass floor covering. There is the optional electric Sure Shade that extends over the cockpit for increased shade when desired and electrically retracts into the hardtop when not needed.

The large glass doors leading into the salon from the cockpit can be completely opened essentially making the cockpit and salon a spacious open area. The salon has L shaped seating to port with a high/low table and the well equipped galley is located along the starboard side. Glass Seas II has the optional and beautiful real wood [flooring](#) in the salon area. The galley is well equipped with sink, two burner electric cooktop, refrigerator/freezer and a microwave convection oven.

The large helm seat is located forward to starboard and there is forward facing seating on the portside. A large overhead sunroof opens electrically and adds to the open and spacious feeling.

Proceeding forward and down into the living spaces there are two staterooms and one head. The head is located to port and has a very large separate shower stall in addition to a sink, vanity and electric flush head. On the starboard side is a private guest stateroom with a hanging locker and twin side by side bunks that convert to a large full size bed.

All the way forward is the master stateroom with a large center line bed with upgraded ultra push [mattress](#) and television/stereo along with hanging lockers. The headroom throughout the cabin spaces is 6 ft 5 in.

On the deck, the bow has removable sun pads and there is an anchor windlass that can be controlled from the bow or remotely from the helm. The upgraded polished chrome spotlight is also located forward on the bow railing.

Glass Seas II has the [Volvo](#) extended engine warranty and the [Vantage](#) Plus [extended warranty](#) until September 2023.

The 37 Coupe has proven to be one of Carvers most popular models and Glass Seas II has been extremely well maintained.

REDUCED TO \$569,000
