Hours: 9

Summary/Description

This beautiful Ferretti Custom Line Navetta 27 is a one owner yacht that has been used exclusively for private use, never chartered. Full-time professionally crewed. Extremely nice condition for her 21 years. Asking price set to ensure a timely sale.

"Myeerah" is an amazing example of Ferretti Yachts, Custom Line, Navetta 27. A one owner yacht, this Ferretti Custom Line Navetta 27 has been loved and well cared for the past twenty-one years. Ferretti Yachts is known for Classic Beauty, Flowing Lines and Quality and it shows in Myeerah.

The Navetta 27 is a 90', semi-displacement, Pilot House Motor Yacht with Portuguese Bridge. She has four owner/guest cabins, each with private en-suite bathroom (eight owners/guests) and two crew cabins for up to four crew members. The Navetta Series of Ferretti Custom Line were designed for long range efficiency and open water crossings. At a cruising speed of 12.5 knots with the main generator running, her range is 812 Nautical Miles based on 90% of available fuel. She weighs in at nearly 204,000 pounds, which ensures she stays stable and comfortable in heavy sea conditions. She is a great cruising yacht and is ready to cruise the Atlantic from the Caribbean to the coasts of Maine, or the Mediterranean Sea if you prefer.

Make an appointment for your private viewing today.

- Cabinets and Shelves
- Shower
- Washbasin
- Portlight, Opening
- Electric Toilet

Engine Room

- Intakes for dynamic air circulation with remote emergency shutdown
- Engine Exhaust Fan System
- Extractor for forced air circulation
- Removable flooring
- Watertight door to engine room from the garage
- Emergency escape hatch to the cockpit
- Fuel Tanks with sight gauges
- Generator Main - 33 k.W.
- Generator Secondary - 27 k.W.
- Fresh water washdown and sink
- Engine Room lighting
- Centralized pump bench, easily accessible for inspection
- Main electrical panel for selection with protection for 24V. and 220V. systems
- Atlas Electrical System, Single Phase and Three Phase - 100 Amp
- Work Bench with vice and drawer
- Electrohydraulic steering gear
- Electrohydraulic control unit for stern door
- Engine Control Panels

Garage

- Removable Flooring
- Access Staircase to Cockpit
- Water Maker, 48 Gallons per hour
- Toolbox

Propulsion and Control Systems

- Twin Diesel engines, 24V.

- Alarm and control panel in Pilot House
- Electronic remote controls for main engines in Pilot House and Wing Stations
- Gearbox type V. Drive Z.F. B.W. 190 V. 10 degree down angle
- Stainless steel propeller shafts Aquamet 17, 90m.m.
- Props: 40 x 45 inches, 6-Blade Nibral, Class 1S.
- Water cooled shaft seals
- Bronze struts with hydro-lubricated helical bearings in rubber
- Stainless Steel Rudders
- Hydraulic power steering with stainless steel cylinders
- Anti-rolling Hydraulic Stabilizer System with Electronic Control System

Air-Conditioning

160,000 B.T.U. Water Chilled System with three compressors

Water Systems

Fresh Water System

- 528 U.S. Gallon freshwater tank – G.R.P.
- Fresh water pressure system with two autoclave pumps 24V. 220V.
- Water Heaters – 100 liters, Two
- Polypropylene waterlines with bronze gate valves

Black and Grey Water System

- Manual/Automatic Grey Water Discharge Pump
- Manual/Automatic Black Water Discharge Pump with switch control
- Black Water Alarm Panel in each bathroom
- 106 U.S. Gallon black water tank
- 106 U.S. Gallon grey water tank
- Emergency exhaust circuits for black and grey water tanks
- Black Water outlet control panel in bridge

Bilge Pump System

- Automatic Bilge Pump for each watertight compartment
- Centralized Electric Pump with filter and bypass valves for suction in each watertight compartment
- Electric Pump with filter for chain washing and fire fighting
- Two high-capacity drain systems in engine room, connected to main engine raw water pumps

Fuel System

- Two Stainless Steel Day Fuel Tanks with gauges and manual sight tubes
- Single Fiberglass Fuel Tank, midship hull
- Daily settling tank with water discharge
- Fuel Certified flexible fuel lines with bronze valves
- Racor Fuel/Water Separating Filters, Mains and Generators

Sanitary System

- Washbasins, showers and bidets discharge to the Grey Water Tank
- Fresh Water Pressure Toilets discharge to Black Water Tank

Electric System

- Battery Bank 1, 4 batteries 24V.-360A.h.- Main Engine Start and Emergency with shutoff switch
- Battery Bank 2, 12 batteries 24V.-1080A.h. – House/Service with shutoff switch
- Battery Bank 3 and 4, 1 battery each 12V. – Generator Starting
- Alternators – Main Engines, one each, 24V.
- Primary Generator – Kohler, 33k.W.
- Secondary Generator – Kohler, 25k.W.
- 380V. 220V. Main Shore Power Electrical System, 100A.h. Tri/Single Phase
- Atlas Electrical Converter System - World Shore Power
- Battery Charger – 24V., 100A.h. 1500W. 35A.h. Inverter – Backup Charger
- 220V. A.C. Electrical Distribution System
- 24V. D.C. Electrical Distribution System

Fire Extinguishing System

- Smoke Alarm with central alarm panel in wheelhouse with sensors throughout the vessel
- Raw Water Fire Suppression Pump System, connected to Anchor Chain wash down system
- C.O.2 Fire Suppression System in Engine Room – two 30k.g. cylinders, four discharge outlets with warning siren
- Emergency Fuel Shut-off valve for each fuel tank – Remote Controlled
- Emergency Air Intake Shut-off, Intake and Exhaust – Remote Controlled
- Twelve Handheld Fire Extinguishers – Throughout Vessel

Deck Equipment

- Midship cleats, two Port – two Starboard
- Side Entry Gate, Starboard
- Two Anchor Windlasses – 24V. 3500W. each, with chain stoppers
- Two Windlass Hawses with rollers
- Two Anchors, 105k.g. each
- Anchor Chain 1 – 110m., 13m.m. chain
- Anchor Chain 2 – 100m., 13m.m. chain
- Ships Fog Bell and Mount R.I.N.a. Spec.
- Four Stainless Steel cleats and fairleads – Mooring Lines, Bow
- Four Stainless Steel cleats and fairleads – Stern
- Transom Shower – Fresh Water, hot and cold
- Stainless Steel Swim Ladder, removable

Safety Equipment

- Inflatable Life Raft
- Life Jackets
- First Aid Kit
- Two Boat Hooks
- Two Life Rings
- Fenders
- Mooring Lines

Construction Materials

Hull Bottom Laminate – ARAMAT

Hull Sides and Main Deck Laminate – ARAMAT sandwich

Superstructure Laminate – ARAMAT sandwich

Marine Plywood – Interior Floor Structure

Marine Plywood – Interior Bulkheads

Watertight Bulkheads – ARAMAT sandwich

Portlights - Stainless Steel and Tempered Glass - Stainless Steel Shutters

Side Entry Door and Doors on upper deck – Painted Aluminum

Windows – Tempered Glass with stainless steel frames

Salon Entry Doors – Tempered Glass with stainless steel frames

Windows – Panoramic Lounge, Tempered Glass with aluminum frames

Engine Room – Thermo/Acoustical double layer insulation

Garage – Acoustical insulation

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.

Disclaimer
