Summary/Description

The Endurance 686 sky-lounge motor yacht built by Hampton Yachts and designed by Howard Apollonio, NA. is the ideal yacht to own in this size class. Apollonio's "Hybrid Hull" design produced a vessel that can plane off and achieve 21 knots or cruise comfortably at 9.5 knots for range and economy of operation. "Lenora D" is easily handled by an experienced owner-operator or, by a small crew and the seaworthy design, "not only meets the US Coast Guard's highest stability standard criteria... it exceeds them".

This proven offshore capable design, Caterpillar C-18 diesel main engines, over-sized stabilizers, and the solid construction of the Hampton built Endurance yachts ensures confidence in your safety, luxury and comfort while cruising to the owner's dream destinations and, four (4) user friendly exterior docking control stations and hydraulic bow and stern thrusters make for easy close quarters maneuvering at dockside upon your arrival.

The elegance of the hand selected makore (cherry) interior wood, granite counter-tops and exquisite craftsmanship shows beautifully throughout the vessel and the spaciousness of the yacht, provided by the 18' 10" beam and large, completely equipped galley-up "Country kitchen" produces the liveaboard comfort of a 75' - 80' vessel.

Comfortable accommodations are provided in three owner/guest cabins all with ensuite heads and the separated fourth stateroom/crew quarters aft are all finished in high gloss makore' cherry interior wood paneling. The large skylounge is like another saloon albeit raised and offers 360-degree visibility.

Features of the sky-lounge include a center-line helm station, day head, desk, and lots of seating.

The above set forth outstanding features set "Lenora D" well apart from her competition. A must see in an immaculate, ready to cruise yacht.

Walkthrough

The yacht has two accommodation decks.

(3) Owner/Guest staterooms with ensuite heads

(1) Captain/crew cabin with private head and stall shower

(2) Day Heads

The hull deck has a crew quarter and a crew room aft. The engine room is amidships. Forward are one master stateroom, one guest room and a FWD VIP stateroom.

The main deck has a covered aft deck with a day head. There are control stations at both sides of the aft deck. In the main deck house, the main salon is against the aft bulkhead. The galley is forward to stbd., while the main entrance foyer and the dinette is forward of the galley.

The sky lounge offers a large seating area with a wet bar, Day head and a helm control station.
