Powered by triple 400 hp Mercury's Cold Fusion with 175 hours

Mercury Platinum 6-year warranty

Joystick controls

Best equipped and best maintained Intrepid on the market. Better than new!

Broker Comments

This unique design delivers the accessibility of a walkaround with the visibility of a step-up helm and forward cockpit seating, while providing the sexier lines and profile look of a cuddy. Moving the head out of the cabin created roomier overnight accommodations with a full galley, extra storage space, and a convertible dinette berth. Hidden under the console, the innovative new head is unlike any on a boat of this size, featuring a separate shower with space saving retractable commode, elegant vanity, and spacious dressing room. You can expect the same smoothness on the water that every Intrepid is known for. She delivers a smooth, dry ride, and maximum deadrise as a result of Intrepid's industry-leading transverse stepped hull design. Vacuum-bagged, infused, and hand laid knitted uni-and multi-directional fiberglass laminates, foam-cored hull sides, transoms, boat deck liners, and wood free construction provide unprecedented strength, rigidity, and safety without the performance-robbing weight. This is the finest example of an Intrepid 375 Walkaround.

Engines

Triple Mercury 2019, 400 hp Cold Fusion outboards with triple engine flush system, approximately 175 hours. Mercury Platinum factory warranty and 6-year extended warranty until 04/18/2025.
