Summary/Description

If the interior of this magnificent yacht doesn't blow you away, the onboard systems will surely do it. No expense spared in the construction of this custom built Hargrave which was featured on the cover of the leading yachting magazines.

Access to the yacht is from a starboard side door amidships into a foyer featuring a sole covered in custom hand picked marble. The main deck space is divided into the main salon aft, a dining area and a country kitchen forward, all accessed through the open foyer or the aft deck automatic doors. Sapelli wood interior with 3 3/4" Crown Molding throughout.

Upgrades

Caterpillar 3000 hr service performed on Main Engines - September 2021

All hydraulic hoses throughout the boat replaced - 2021 (from main engines to stabilizers and anchor windlasses)

All steering hydraulic hoses replaced - 2021

All main engine and generator starting batteries replaced -2021

All running gear inspected and tuned - 2021

- Shafts removed and fine tuned
- New shaft bearings and seals (Tides Marine SureSeal)
- Propellers tuned
- Linesutters restored (Spurs Marine)
- Stabilizers serviced
- Bow thruster serviced

Bottom sanded and coated with 2 coats of SeaHawk BioCop - 2021

(3 coats on the bow and chine)

All A/C air handlers removed, inspected and either refurbished or replaced - 2019

Out of 24 total air handlers, 9 were replaced with new units

Bow thruster gear replaced - 2016

Boat deck hot tub was replaced with a gas barbeque and prep/bar area in 2015

The plumbing and electrical from the old hot tub is still accessible making it easy to install a new hot tub if desired

Water heaters replaced with upgraded Torrid Marine units - 2015

Teak decks replaced in 2014 with 7/8" Burmese teak

18' Angler tender was outfitted with a new Yamaha 115 hp engine (Model F115XB) - 2015

11' Skipper tender with 40hp Evinrude E-Tee Engine purchased new - 2014

(2) Freshwater pumps upgraded to Dayton 1.5 hp shallow well pumps

Aft Deck

The aft deck welcomes you aboard Sandrine with Teak and Holly deck in a Herringbone design. The curved teak bar has a full service of appliances. It's a great place to cool off with a drink after a day of water sports. The bar is topped with Australian Blue Granite. The eleven foot custom teak dining table easily seats 8-10 for casual dining or converts to cocktail size to suit your entertaining style. Beautiful duo steps aft lead you down to the cockpit.

Main Salon

Entering the main salon through the automatic sliding door you find an interior that is comfortable yet elegant, meant to relax and rejuvenate you. A variety of organic materials such as wool and silk hand tufted carpet and flame mahogany paneling enhance the elegant feel of the salon.

Dining Room

The Dining Room is amidships to port across from the foyer entrance, and seats 8 comfortably, with high gloss sapeli paneling and cabinetry with flame mahogany inserts. The dining area is enclosed fore and aft with cabinetry and art, most interestingly an artistic carved glass panel in a wave design that lights up for effect at night hiding the salon from the dining area. The four bookmatched Mountain Verde marble slabs used as flooring continue the organic theme begun in the salon and compliment the hand crafted chandelier over the dining table.

Galley

Forward of the dining area and down a short hallway you find the spacious country galley. The gloss sapeli cabinets with diamond cross grain details and Silver Granite counter tops build on the organic feel of the main living areas. The windows fill the galley with natural light and draw guests to a casual breakfast or lunch served in the country kitchen.

Pilothouse

The Pilothouse is a spacious state of the art control room on Sandrine. With the Moritz Octoplex power management and monitoring system installed on Sandrine you can control all the electronic systems on the yacht from any one of the menu-driven touch screens, all from the comfort of the Captain's leather Stidd chair or where you happen to be on the yacht. There is a built in cabinet with room for large navigation maps an acknowledgement that old school still has a place on this modern vessel. The Octoplex Power Distribution System by Moritz Aerospace comes with an extended warranty and a Captain, Crew and Owner orientation.

Skylounge

Aft of the bridge is the cozy skylounge, which is dressed comfortably with zebra wood paneling with wenge' wood and satin sapeli and maitore accents. It's a cozy space, dominated by a large dropdown screen for the projection television unit suspended over the portside settee as well as a flat screen TV in a built in cabinet.

Flybridge

Fiberglass Hardtop

Aft Deck Teak Table w/ Compass Rose Design

Aft deck bench seating

Teak deck chairs x 6

Quartz flood lights in cockpit (2)

24" x 12" Glass Opening Port lights and (4) 24" x 12" Glass Fixed Port lights

Teak on Main Deck

Opacemare 1002/52 Passerelle

Custom Gas Grill w /Granite tops and seating on Skylounge Aft Deck

Day Heads

Main Deck Day Head has Mountain Verde Marble Slab flooring and counter tops, cabinetry is a gloss Sapeli with conical Flame Mahogany center cabinet, satin nickel lighting fixtures by Cantaluppi, and a custom round silver leaf mirror above the artist signed vessel sink.

The Sky lounge Day Head has molted glass vessel sink with Hastings The Mirror overhead reflects the light and brightens the room. Both floor and counter top are Black Absolute Granite. The Leather panels on cabinets have an embossed Crocodile pattern with Vecenzia cabinet pulls. faucet with wenge wood handle that is signed by the artist. Bowl side lit with privacy glass panel of Ultra Glass in window.

Central Stairwell

To conserve space and volume, the central stairway that runs from the below decks guest accommodations through the main deck foyer to the upper level Skylounge is a compact design that takes little away from the generous, but still finite, space available on a yacht this size. The "winder" design with a small hollow center core that allows a few more inches of tread for your feet as you climb, making it both safer and more comfortable than a traditional spiral.

Master Stateroom

The full-width master is aft, with a settee to port and cabinetry to starboard. Fluted delicate columns frame out the bed with a mirror backdrop. Rich cayenne custom silks, plush velvet and golden bronze decor create a welcome oasis of calm for you to enjoy during your break from the daily routine. Your feet will sink into the Merritech New Zealand wool and silk carpeting. On either side of the bed headboard are doors leading to his-and-hers en suite bath that also spans the full width and includes a full size tub with TV above for her and a center-line shower for him with Falling Snow Marble floors throughout.

VIP Stateroom

The most unusual of the four staterooms is the VIP, which is forward of the lower foyer. Here the stateroom and head share the space athwart-ships, with the stateroom and a king-sized bed to port and a dressing area/bathroom to starboard; when the door between the two rooms is open it gives the impression of a much larger space. Your guest will appreciate having the desk/vanity, 3 chests for storage, and double sinks in the bath. The VIP stateroom is very private, full beam and the fabrics and textures are as rich and elegant as you would find in any master stateroom.

Twin Guest Staterooms (2)

The guest staterooms have generous storage and twin beds that easily convert to queen berths. The staterooms are spacious with decors of Taupe silks in the Queen positions and more fun decors of Harlequins in the Twin positions. The starboard guest stateroom also includes a Pullman berth. The en suite heads have large marble showers, tons of storage, and marble floors.

Crew Quarters

4 Crew staterooms allows for a crew of 7. The Captain's Cabin has a double berth and en suite head. There are two additional cabins for crew with twin berths and a shared head. The shared head is designed so the shower and the water closet each have their own enclosed spaces, allowing both sides to be used simultaneously. Plus there is a separate Stew Cabin

Lazarette

The lazarette is fully equipped for cruising. Entering the lazarette you will find white storage cabinets for toys, dive equipment and spare parts, built-in tool chest, freezer, ice machine, washer/dryer, workbench with sink and head on starboard side.

Cockpit

From the Aft Deck, twin staircases lead down to a sportfishing-style cockpit, which includes a sole hatch for the bait and a fish well in the transom to keep the catch fresh after being landed. There is even a transom, sportfishing style, door leading to a stern platform for easy access to the tenders. The cockpit is the perfect spot for water sports, diving, or fishing.

Interior Options

Sapeli wood interior

Veneer Flame Mahogany door patterns for (5) Staterooms

3 3/4" Crown Molding Throughout

Sliding pocket door separating galley from salon

Soundown Insulation in Galley Floor directly above VIP Stateroom
