Summary/Description

The Ocean Craft Marine Beachlander is a unique rigid hull inflatable boat applicable for an array of uses. The opening bow allows for direct water entry and dry beach access.

Available to Order: Sarasota

The Ocean Craft Marine Beachlander is a unique rigid hull inflatable boat applicable for an array of uses. The opening bow allows for direct water entry and dry beach access. Add optional amphibious technology for the capability to drive directly onto the beach.

With a PAX rating of 15, ideal uses include shuttling resort guests, special need and wheelchair access, diver entry and exit, and safe and convenient family swimming. The reverse chine design redirects water flow to provide an exceptionally dry ride and additional lift with reduced drag. The Ocean Craft Marine Beachlander 8.75 has a maximum power rating of up to 600 HP, with 350 HP recommended. This nimble tender reaches speeds up to 62 mph and is rated B-Offshore.

The hull construction is available in both fiberglass or aluminum, each delivering durability. Choose air filled or foam filled tubes, and inboard or outboard engines. Seating configurations are completely customizable and include bucket seats, leaning posts, benches, jockey seats, and shock mitigating seats. Other options include a fixed T-top, a Bimini top, a self righting frame, bow or stern posts, several console options, and cabin options.

We're proud to showcase Ocean Craft Marine at all our Florida showrooms, including:

Ft. Lauderdale, Palm Beach, Stuart, Sarasota, and Tampa Bay.
