**NEW ARRIVAL!!**

**LOOKING TO GET OUT ON THE WATER IN STYLE AND SPEED**

**-DON'T LET THIS NICLEY EQUIPPED 2006 DONZI 26 ZF with TRAILER GET AWAY-**

Donzi's 26 ZF fishing-boat was built for speed, and features a double-stepped, deep-vee hull that will really get you where you want to go in a hurry.

Powered with **Twin Mercury 200-hp Verado Motor's** with a recently serviced, **510-hours**, when you hit the throttles on this rocket, it only takes a few seconds for the boat to climb on plane. Once it's up and running, the steps kick in and begin aerating the bottom - and that's when you had better grab a rail! The acceleration is awesome and in no time you will see speeds, conditions depending, around 60+mph and cruising speeds around 40mph!
