Summary/Description

You have finally found what you have been looking for. Incredible condition, low hour cream puff with an open checkbook maintenance policy. Maintained by a professional crew from a much larger yacht.

You have finally found what you have been looking for. Incredible condition, low hour cream puff with an open checkbook maintenance policy. Maintained by a professional crew from a much larger yacht. Numerous recent upgrades in 2021 including New Exhaust manifolds and Risers, and New Batteries. This one won't last long.

Accommodations, furnishing & layout

The euro lines along the swept forward hard top give this beautiful vessel a sleek, sexy look. The vessel is easily boarded along the aft cockpit gunwales or by the super large extended swim platform. The forward section of the swim platform is an integral part of the hull and the extension lowers into the water allowing for easy swim access. There is also a convenient swim ladder below. Other aft features include a transom wet bar with sink, Kenyon Electric BBQ and two large storage draws. The aft deck is accessed through the transom gate. Some highlights include U-Shaped settee with storage below to port and a wet bar with beverage storage and refrigerator to starboard. Below the deck is the engine compartment accessed by the hydraulic hatch. Moving forward of the cockpit one step up is the elevated helmdeck. The captain and crew will enjoy an unobstructed 360 degree view of their nautical adventure. The helm is situated forward to starboard and boasts a logically layed out control panel with an abundant selection of instrumentation and electronic navigation aids to make plotting a trip to a tropical destination a breeze. The double bolster helm seat swivels 180 degrees to allow you to join in with the guests on the aft deck. Directly behind the helm is a wet bar with Korean countertops, beverage storage, and a refrigerator to keep the crew well hydrated. The port bridge deck has a long settee bench seat which doubles as a lounge. The aft port deck has a U-Shaped settee with seating for 6. There is also a beautiful teak double pedestal table which can be easily removed and stowed in the engine room. The fiberglass hard top has a built in silent running aft cockpit awning to provide a safe haven from the sun's rays. A well thought out opening in the center windshield along with a hard top hatch allows passengers quick passage to the bow. The bow features sturdy stainless steel hand rails electric windlass, spot light, stereo speakers, and a large sun pad with back rest.

The salon is accessed through the helm deck sliding door down 5 steps. The white vinyl overhead with recessed accent lights and numerous deck and hull windows bathe the cabin in natural light. The cabin bulkheads and sole are covered in a beautiful teak veneer. Immediately to starboard is the well equipped galley. Some appointments include Korean countertops, microwave, fridge, and a double burner cook top. Forward of the galley is a long bench settee which converts to a berth. All the way forward is the island queen berth. There is a deck hatch, reading lights, and abundant storage, midship to port is another settee with seating for two and access to the electrical control panel. The enclosed head is port midship. Features include vacuflush head system, raised glass basin sink, enclosed shower stall, and storage cabinets. Located behind the salon is the aft lounge area. The wrap around seating provides a group with a cozy place to watch some TV or a quick pull out section converts the area into a 2nd sleeping quarter for another couple. Other area features include hanging lockers, accent lighting, central vacuum system, reading lights and port hole.

Galley & laundry

Kenyon double burner cook top

Westinghouse microwave over

Stainless steel sink & faucet

Delonghi Nespresso coffee maker

2020 Dometic refrigerator with ice box
