Summary/Description

Enzo is an innovative design to live life on board in a more informal way, with ample outdoor areas offering undisturbed views and in close contact with sea and nature. We emphasized the importance of a 'functional design', which takes up the concepts of the Bauhaus of the early 1900s: Trying to

Enzo is an innovative design to live life on board in a more informal way, with ample outdoor areas offering undisturbed views and in close contact with sea and nature.

We emphasized the importance of a 'functional design', which takes up the concepts of the Bauhaus of the early 1900s: Trying to match the shape with the function of the object, finding a balance between the useful and the beautiful.

Horacio Bozzo

The SIMAN ENZO 50M is a steel and aluminum Tri-Deck Displacement Superyacht currently being built in Italy to the highest standards and with delivery in Fall 2024.

The main deck aft is complimented by a 136 square-metre beach club, which includes an infinity pool, an alfresco dining area and fold-out balconies both port and starboard.

Enzo has the largest sundeck in her category. The sun deck is certainly capacious, boasting 146 square-metres of space. It comes fitted with a sheltered dining and lounge area and a second infinity pool. At 162' 10" in overall length, she boasts vast volumes across her 4 decks for a gross tonnage of 499 GT thanks to a remarkably wide beam of over 30'. She accommodates in comfort and style up to 12 guests in 6 en-suite staterooms comprising of a beam-wide main deck Master suite, an upper deck VIP cabin and further 2 doubles and 2 twins on the lower deck. Additional accommodation is provided for 11 crewmembers with the Captain's cabin on the bridge deck.

All modern features are included in this new construction motor yacht, including zero speed fin stabilizer system, tender garage for 2 + 1 water scooter, hard top and 2 pools.

Powered by twin 1450 Hp CAT Diesel engines, she can reach a top speed of 15 knots, while she comfortably cruises at 10 knots for an impressive range of 4000 nautical miles.

Additional Information

ENZO 50m

Twin-Screw Displacement Motor Yacht

MAIN DIMENSIONS

Length Overall

49.64M (162' 10")

Length at Waterline 45.27M (148' 06")
