LOA: 43' (13.11m)

Knots

Knots

Fuel Type: Diesel

Hull Material: Fiberglass

Imported: No

HIN/IMO: BEYE4016A505

Engines/Generators

Summary/Description

Beneteau Cyclades 43.3, a fine example of the Moorings fleet 2005-2009, she has served her single owner as live aboard and Caribbean cruiser. 3 Cabins, 3 Heads, a large main saloon with TV and well -appointed nav station.

The Cyclades 43 has the classic French style sloping coach roof paired with a horizontal stripe along the sides. The bow is nearly plum for a 38' waterline length. The sheer is straight from stem to the sugar scoop stern.

With a draft of 6' 5", bulb keel and spade rudder, the 43.3 is perfect for the sandy shoals of the Bahamas. The forefoot is deep and sharp with a good knuckle giving her a tremendous traction underway. The tall rig has 61' air draft which is both powerful and ICW friendly. The mainsail is large and balances nicely with a small fractionally rigged headsail.

- Major engine overhaul 7/2023
- Air conditioning (16000 BTU)
- Dinghy davits and outboard motor derrick
- Bimini & Dodger with isinglass covers - new 2022
- New mainsail stack pack and lazy jacks - 8/2023
- Portable Honda generator - new never used

ACCOMMODATIONS

- The 43.3 has a three cabin and head layout. The interior is roomy and takes full advantage of her beam; the V-berth forward has a small settee and locker space. The wide stern allows for two large cabins aft with lockers and adjacent heads, all three of which double as shower space.
- The portside galley is equipped with a twin basin stainless sink, propane stove and top-loading ice box/refrigerator/freezer surrounded by a formica countertop. Across is the dinette arrangement that converts to a berth. The headroom is 6'6" throughout the cabins and saloon.

ELECTRONICS

- Raymarine E90 Hybridtouch Chart plotter
- Raymarine Tridata display - Speed/Depth/Temp
- Raymarine Autopilot

ELECTRICAL

- Shore power and battery charger
- 2 Domestic & 1 Engine Battery
- Stereo

INOPERABLE / IN NEED OF ATTENTION

The asking price accounts for the following systems that are inoperable or in need of attention:

- Recover/replace cushions in main salon
- Autopilot display screen sunburnt
- cosmetic wear to the gel-coat/stripes

- musty smell in vessel interior
- corroded cabinet latches
- bottom paint in need of renewal

Disclosures:

- She has been in the Moorings program 2005-2009
- Minor Damage hurricane Irma - Repaired.
- Aft stbd head - sink and sump disconnected
- Port over galley - hinge needs replacement
