Summary/Description

This 2008 DONZI 43 ZR has 3 Mercury 525's engines that are in perfect running condition

2008 DONZI 43 Zr just listed. She has 3 Mercury 525's engines that are in perfect running condition. The seller has just had all the services including belts and hoses and pumps. She has a nice cabin below with a full head. 6 bladed props with K planes. Livorsi gauges, 5 electric seats, shore power. I personally ran her out at 90knots with more to go.

Other Details

Manufacturer Provided Description

A true 43-footer, the 43 ZR offers length and wave-spanning capability, with a wide beam for increased stability, and extra heft to assure a silky smooth ride. The 43 ZR's exterior styling has been designed to belie its substantial stature. A dynamic feature line begins at the bow and flows aft in a lithe, sweeping stroke. A low profile windscreen is nestled in a subtle fairing to provide function without detracting from the fluid profile of this muscular machine. The 43 ZR's curvaceous stern swells almost imperceptibly to conceal power of your choosing.

Engine Notes

Base hp displayed. Various twin and triple Mercruiser power options available.
