Summary/Description

This meticulously maintained, low hour 2012 Sanlorenzo SL72, features a timeless beach-chic interior by famed designer Marty A Lowe and a recent full exterior refinish in an Awlgrip metallic dark blue for the hull and Awlgrip Matador White for every other inch of the exterior.

The yacht features four staterooms, each with ensuite heads and an expansive master stateroom, full midship with walk-in closet. The large flybridge accommodates many guests with its wraparound sofas, new modern tables and chairs by Rove Concepts, and a new custom bar in fiberglass and carbon.

The interior materials are of the finest quality and craftsmanship, and feature custom locking wine racks in two of the tempered glass covered cabinets, fully custom sofas and chair with goose-down cushions covered in Mariaflora fabrics, original art and other elegant appointments throughout, and a unique hydroelectric privacy panel separating the galley from the main salon in an otherwise open living area.

All electronics including the radar hardware were upgraded to the latest from Raymarine in 2023, with two chart plotters in both the upper and lower helms. The yacht has zero speed fin stabilizers with the 6-year maintenance performed in 2023. The large swim platform can accommodate a substantial tender with recently upgraded hardware in its hydroelectric lift.

Twin 1400hp MANs power the vessel to cruise around 20-22kts at 80% load, even when towing its current 26' tender. As one of Sanlorenzo's smaller models, this yacht feels much more solid and substantial than its 72-75' peers, made from the same or similar parts used in their larger yachts.

Engine & Mechanical Equipment

- Main Engines - Twin MAN V12
- ZF Smart Command with joy stick and electric steering system
- CMC Marine electric zero speed fin stabilizer system
- Double Racor filters for generators
- Engine oil change system with manual pump
- Ball valve thru-hull fittings (engine cooling exhausts are only gate valves)
- Tropicalized air conditioning system - 120,000 BTU (condensation draining overboard)
- Additional air conditioning raw water pump installed in by-pass
- Additional grey water pump installed in by-pass
- Additional black water pump installed in by-pass
- Water tank purification system with active carbons
- Overboard venting for clothes dryer
- FM200 fire system equipment (USCG approved)

Interior & Décor

- Washed teak interior bulkheads and furniture
- Hardwood flooring throughout the main deck and lower corridor
- Tempered glass and stainless steel cabinet doors in salon
- Electric sliding panel in tempered glass and stainless steel for separating galley and dining areas
- Electric high/low dining table
- TVs mounted behind mirrored bulkheads in master and VIP staterooms
- Artwork, lamps, decorative accessories, bedding, linens, bath towels, salon sofa slip covers included
- China, cutlery, and glassware serving for eight with fully integrated storage
- Interior LED lighting
- LED indirect lighting around berth surrounds, side tables, head vanity furniture and along curtains
