## Summary/Description

This Belize 54 Sedan for sale offers one continuous, flowing level of luxury in a comfortable, roomy and weather-proof space. Call today!

### **Belize 54 Sedan**

The Belize 54 was designed by 4D Designs in collaboration with the Riviera and Belize design team with the designers striking keen-eyed balance between European panache and Australian practicality and have delivered greater elegance and space – in all the living areas.

One-level living from the galley aft to the cockpit. An inspired lower command helm with dedicated guest seating. Rarely seen on a motor yacht of this style and size, the master stateroom extends the full beam of the yacht. Every bit as opulent as the master, the VIP stateroom occupies the entire forward V-section with queen-sized island bed. The third guest stateroom is no less highly specified with twin adult-sized single beds. There are two bathrooms on the accommodation deck.

The technical credentials of the Belize 54 Sedan will certainly impress. Resin-infused composite construction, double vinyl-ester outer skin, watertight, stepped collision bulkhead and independent foam-filled hull compartments. CZone digital switching system, Glass Cockpit navigation and Volvo Penta Inboard Performance System (IPS) with joystick docking.

A limited number of Belize Motor Yachts are built each year. This means that you will own and command something quite different and unique.
