Manufacturer Provided Description

A sporty, elegant yacht featuring a large, electrically controlled opening sunroof over the saloon, as well as a very generous flybridge. All the core values of Prestige are concentrated in this model with her elegant, sporty lines.

The Prestige 590S stands out with her dynamic and refined design by Garroni Design. Her powerful hull ensures reliable handling at sea. Immense windows feature prominently in the wide, elongated hull.

She benefits from an optimized engine and control system with Cummins 600 HP twin engines equipped with Zeus Pods. This configuration inherent to the tapered V-shaped hull enables facilitated handling by joystick. This ideal pairing of hull shape and propulsion system reduces noise and vibrations, as well as the fuel consumption of the boat.
