Hours: 690

Summary/Description

Man of Steel" is one of the best 43' Midnight Express's on the market right now. Very highly spec'd with plenty of added options, this is a no-expenses-spared boat.

This is one of the best deals for a 43' Midnight Express on the market right now. Very highly optioned and priced to sell.

With the additional SeaKeeper fitted and the removable rear seats, she's well set up for fishing, cruising, diving, partying, or being used as a tender.

The fiberglass T-Top offers 360-degree fishability, something most of the comparable 43s with fiberglass arch supports cannot.

Bow and stern thrusters provide great maneuverability in tight spaces and more safety compared to a joystick system. When running at high speeds, stainless steel tie bars prevent the outboards from moving independently.

The quad 450R Mercury engines have under 700hrs and the extended platinum warranty package.

Call the listing agent to schedule a showing or present an offer.
