Cummins Onan
13KW

Summary/Description

GOOD ENOUGH is a wonderful example of one of Grand Banks' most popular cruising boats ever produced.

PRICE REDUCED!

This 1990 Grand Banks 46 Classic _ GOOD ENOUGH is a wonderful example of one of Grand Banks' most popular cruising boats ever produced. The 46 Classic is exactly that, a classic. Early in her life, she was indoor stored for 8 years during the winter - eventually making her way to Florida. Since then, she's made one trip to the Bahamas, with the rest of her time underway spent here locally on the West coast of Florida.

Several nice updates including:

- Fresh bottom paint 11/23
- Full engine and generator service 11/23
- New electronics in 2020
- New Eisenglass on the bridge in 2022
- Bow and Stern thrusters
- Tender refit/serviced 4/24

All of which certainly make GOOD ENOUGH a much better value than her name implies! She's well worth a look, and easily seen in downtown Sarasota.

Vessel Walkthrough

She's a timeless classic, immediately recognizable as a Grand Banks. From her lines to her handling characteristics, to her sturdy build and excellent livability, GOOD ENOUGH is ready for the next owner to continue her adventures.

Stepping aboard, the wide teak side decks allow access forward and aft all the way around the boat. High, sturdy handrails provide safe movement even in a sea.

Up several stairs to the bridge, which boasts a new Eisenglass enclosure, Magma stainless grill and you'll find very generous seating as well as the helm with a full suite of navigation instrumentation.

Through the side opening door(s), accommodations below are spacious, and very comfortable for cruising or even living aboard. The salon is very spacious, with a large L shaped settee and two single reclining chairs opposing. A drop leaf table provides dining options.

The lower helm to starboard offers protected, climate-controlled space for operation when necessary. It also has a full suite of electronics and navigation equipment.

Aft is the companionway to the master stateroom, with a large off-center queen bed, loads of storage with a complete

dresser, as well as a desk/work area to port with even more storage. There is a small door in the aft bulkhead for direct access to the cockpit if needed.

Forward from the salon, and down three stairs, is the galley. Equipped with a full range of appliances, it's spacious, functional and while being down below, is still "part of the party" with the open overhead designed to flow into the salon, as well as to let light in.

Forward of the galley is the entry to the guest stateroom. Just to starboard is a sliding door that reveals a full size washer and dryer.

Heading aft, and down 5 steps you enter the master stateroom. A large walkaround queen bed is offset to starboard to allow room for the desk area to port. The head and shower are conveniently occupied separately.

Deck

- Wide walk-around Teak decks
- Teak grab rail with full covers
- Teak caprail with full covers
- Stainless stanchions
- Stainless safety rails on coach roof
- Large aft cockpit
