"Mad Hatter" is a very well-maintained 41' Tiara Open. Her experienced owner has done several upgrades and maintained her in very good condition. She has had her main engines replaced with brand new John Deere 550 HP engines in 2015 and they only have 450 hours on them. The Northern Lights 9 KW generator was also replaced and only has 1133 hours. Both drive shafts, struts, rudders, and propellers were also replaced in 2015. She just got all new batteries (Jan. 2024). The Marlin Tower makes her an excellent fishing machine along with her outriggers. The helm area is enclosed and air-conditioned for our hot summer days.
