## Accommodations

Sleeps six in three staterooms. Matched double (6'6" X 48") berth staterooms in aft of each hull. Main Salon in center of boat with chart area and storage to port, U-shaped dinette with seating for six to eight in center over bridgedeck and galley to starboard. Forward on port is the head/shower area. Forward on starboard is the master stateroom with a standard queen berth (6'6" X 5'4") over the forward bridgedeck area. Large polycarbonate windows provide ample light and give the interior an open and airy feeling, and there are blinds for all the windows. Teak and holly cabin soles and abundant teak trim provide a warm interior feel. Formica counter tops, molded headliner and FRP panels make for low maintenance in the interior upkeep.

## Galley

The galley has a double stainless steel sink with hot and cold pressure water, a Dometic 110V/propane refrigerator with freezer (2016), Voyager stainless steel two burner propane stove with oven and broiler, and manual fresh water pump. There is counter top work surface on the outboard side of the galley, a built-in paper towel holder, teak shelves above the counter, and ample storage for dry goods and kitchenware is provided under the galley counter and in cabinets opposite the counter area. New water heater installed in 2016.

## Mechanical Equipment

The engine is a 27 hp Westerbeke diesel with 55-amp alternator and heat exchanger for hot water. The engine drives a

liftable, steerable outdrive leg from Sillette marine with a large efficient propeller, and can motor in 20 inches of water. A seacock with fresh water flush makes winterizing much easier. The engine compartment is lined with Soundown lead and foam and the engine mounts have been selected for minimum vibration. There are two 18 gal diesel tanks with fuel shut off and two filters. The instrument panel has a tachometer, hour meter, and oil pressure and water temperature gauges. The Westerbeke diesel is fresh water cooled with a self-priming fuel system.

Sillette Sonic Drive leg was serviced and refurbished in 2023. It retracts from water when sailing or at anchor, drops down while under power. Outdrive leg steers with rudder providing remarkable maneuverability.

- Engine 1000 hour service in 2021
- Teleflex cable wheel steering
- Engine alarm
- Propane solenoid
- Manual head with overboard and holding tank discharge
- two automatic bilge pumps
