- Teak Cockpit
- Cockpit Cushions
- Swimming Ladder
- Cockpit Shower
- Davit(s)
- Tender
- Cockpit Table

Manufacturer Provided Description

A SLEEK, MODERN DESIGN.

This new member of the Lagoon family has style and a strong personality.

A COSY COCKPIT, WITH SMOOTH, ELEGANT CURVES

- a single level from the aft platform to the saloon: a structural "revolution",
- entirely new ergonomics that ensure excellent use of space and ease of circulation on board,
- a large glazed door that occupies the entire width of the coachroof, and provides access to the unparalleled internal volumes.
- The suspended steps at the transom provide a whole new perception of the boat: a continuous, wide and inviting platform, worthy of a large vessel.

AN INGENIOUS DECK LAYOUT

The mast moved further aft and the self-tacking jib, a guarantee of performance under sail and ease of handling, provide the ability to bring all operations together in one place.

AN ERGONOMIC HELMING STATION

At the coachroof bulkhead, offering many advantages: direct communication between the cockpit and saloon, improved circulation, forward and aft of the helming station, direct access to the coachroof for easier access to the boom, a composite bimini with a sliding panel to ensure a good view of the sails, a closure panel or helming station safety when under way.

ACCOMMODATIONS

3 double cabins, a bathroom with a separate shower, very large windows in the cabins offer excellent illumination and magnificent views of the surroundings, the vertical glazing in the coachroof provides saloon illumination: a well-lit, comfortable environment that is perfectly balanced between the galley and saloon areas, the U-shaped galley, fully fitted with broad work surfaces and extensive storage space, is oriented towards the external cockpit.

The attention devoted to detail and the use of the volumes make this new interior a unique and enjoyable living space.
