Powered by twin Volvo D6 435hp engines with IPS drives, this boat is a great performer that will hit 30 knots. Then in close quarters, the joystick control makes it easy to maneuver.

I have handled this boat for three different owners, so I am familiar with the condition and history. It's a good boat.

Now with a \$45,000 price reduction, it's the best value in Socal! Call to arrange a viewing!

- IPS drives with joystick control
