## Summary/Description

The Salt Shaker 300 CC was made by a boat builder named Joe Maggio. He saw how well the Blackfin 29 hull performed and took that design, made it better, and built his own new boat to the highest standards in the industry.

**30' | Salt Shaker | 300 CC Custom Edition | 2008**

*Serious offshore fishing center console!*

The Salt Shaker 300 CC was made by a boat builder named Joe Maggio. He saw how well the Blackfin 29 hull performed and took that design, made it better, and built his own new boat to the highest standards in the industry.

This 300 custom edition is ideal for fishing offshore. She comes with a tuna tower with helm controls, bait tanks, fish boxes, and outriggers. The boat is also ready for overnight trips to the islands with a small cuddy cabin and head in the bow.

This particular Salt Shaker has been upgraded with new Raymarine electronics, all new wiring through out, newer Fusion sound system, fresh bottom paint, a new Raritan electro scan toilet, and pair of newer refurbished Honda 2010 outboards. Current slip could also be transferred upon marina management approval.
