Summary/Description

"TELEMETRY" is an exceptional two-owner, Captain-maintained Marlow Explorer 72E-CB Command Bridge.

"**TELEMETRY**" is an exceptional two-owner, Captain-maintained Marlow Explorer 72E-CB Command Bridge. Her large, U-shaped gourmet galley and forward dining area provide guests with panoramic ocean views. Her customized private entrance to the master state room off of the salon provide the owner with extraordinary privacy! Her teak and ebony inlaid sole flooring is striking, as is the high gloss teak finish throughout.

TELEMETRY's pilot-owner purchased her, an already meticulously kept yacht, from her original owner two years ago for use as a long-range expedition yacht, e.g., Alaska, etc. Owner decided he would rather focus on flying instead of boating. Owner is a perfectionist who spares no expense in extensively refitting and maintaining M/V Telemetry to exceptional and current standards. Every boat advertisement makes such claims. Read the refit, upgrade, and maintenance lists below, view the pictures, and judge for yourself! Take note of the extensive boat networks installed including the ability to view helm monitors on TV's and PC Monitors throughout! You can buy a boat with outdated, legacy equipment, fittings, and appointments and spend 1-2 years' downtime and money to refit it ... or you can buy **TELEMETRY**.

She is a "must see" and is equipped and prepared for her next owner's adventures, whether making use of her ~3,000-mile range, hopping around the islands, or socializing at the Marina!

Vessel Walkthrough

TELEMETRY is striking with her signature Awlgrip Flag Blue hull and Matterhorn White Awlgrip superstructure. The boat deck was extended to provide a fully protected cockpit where you will find a beautiful teak table, inlaid with blue and white accents, that seats 6 comfortably with additional seating against the starboard forward wall. As you walk around the outside of the yacht, you'll notice the meticulous details: built-in bow seating, forward dock entry doors and high bulwark, which provides a safe walkway around the entire yacht. The beautiful high gloss teak interior is one of only a few Marlow produced, and brings out the richness of the dark Burmese teak wood. The soles throughout **Telemetry** are teak with ebony, rather than holly, accents.

The salon has free standing L shaped seating area to starboard and features a large matching ottoman with storage. The flat screen TV is hidden away on a lift in a storage cabinet/table to port which also houses the Bose entertainment system. Two comfortable chairs sit on either side with custom book shelving. The forward port side of the salon features a full wet bar including an ice maker and full-size wine cooler with stunning Caesarstone pacific blue countertop. Located forward of the salon you will find an office area with custom file cabinetry and shelving. Here is where you will also find the private stairway to the master stateroom.

The modern galley, a fully state-of-the-art kitchen, is three steps up from the salon with an open floor plan. A large dining table and a U-shaped seating area for 8 provides convenience, with wonderful panoramic views. The galley features the finest appliances from Bosch, Dacor, Sub-Zero, U-Line, and Fisher-Paykel. The newly installed quartz countertops boast metallic blue flakes against a slate background. The galley is professionally equipped and stunning!

Heading down the curved stairway to the guest staterooms, your attention is drawn to the quality of the wood, recessed handrails, and the high gloss teak finish. At the bottom of the stairs to starboard is the additional stateroom with twin bunks. Forward is the VIP stateroom with a queen size bed on center line with en-suite head and shower. This head can also be accessed through the companionway allowing it to double as the day head. Moving aft and to port is the guest stateroom, with side-by-side twin beds and en-suite head and shower.

The Master Stateroom's private entrance is at the forward end of the salon. The king size bed is athwartships port allowing the creation of a very large fore and aft head to starboard. Full length cedar-lined hanging closets fore and aft provide ample storage space for living aboard for extended periods of time. The new Bosch washer and dryer are tucked neatly behind louvered teak doors. The huge head has a large shower, two sinks widely spaced with custom vanity between sinks on a beautiful marble top along with custom marble flooring with teak trim.

Returning to the galley, and heading up the steps to the Command Bridge, which can also be accessed by aft cockpit stairway, you immediately notice its striking layout and high-end amenities. Aft of the helm station there is a large L-shaped table with seating for seven. To port you will find a custom L shaped wet bar with a clear ice icemaker, refrigerator and sink all finished off with a custom blue tiled countertop with elegant trim. The helm station has been completely refitted with a new carbon graphite façade sporting the latest in electronics and navigation equipment.

The Command Bridge exterior deck has ample space for entertaining guests with its L-shaped outdoor kitchen with a built in Lynx gas grille, refrigerator and sink with lots of under cabinet storage. The hard top has been extended three feet for greater comfort in this area. With more attention to detail, the non-skid panels have been accented with grey Awlgrip. The forward roof structure in front of the Command Bridge has the same grey accent and non-skid has been added for safety.

The Crew Cabin has twin beds, a fully appointed head with shower, refrigerator, microwave, and TV with additional, ample storage.

Refit / Upgrade / Major Maintenance List (2020 Unless Otherwise Noted)

TELEMETRY has been extensively refitted, upgraded and maintained since its acquisition two years ago. A partial list of this work is provided herein:

Hull - Maintenance

- Hull bead-blasted to remove old bottom coats / fresh hull paint
- Naiad stabilizers serviced
- Additional Garmin transducers installed

Mast / Antenna / Radar - New!

- Seaview Customer Mast / Radar arch
- Satellite Antenna:

KVH V7-HTS Mini VSAT - Telephone, data, internet (2019)

KVH TracPhone LTE1 - Cellular and Wi-Fi - internet router (2019)

KVH HD7 TracVision - DirecTV et al. antenna (2019)

- GPS antenna (3, including AIS)
- Garmin Radar Fantom 56 plus 6' radar array
- Flir M-625CS - Color infrared (night) / Visible camera
- Weeks & Plath LED steaming / anchor lights
- Airmar Ultrasonic weather station

Helm - New!

- Graphite Helm Console
- (3) Garmin 22" 8622 monitors

- Garmin GCH 20 Marine autopilot display and autopilot
- Helm monitors can be viewed from salon TV, salon computer, and master stateroom TV's with iPad or iPhone control over the internal boat network!

- 24V AC pump (+ spare)

Lighting / Electrical - New!

- 24V internal LED lighting throughout
- Helm / cockpit lights - white or blue LED light option
- USB power ports throughout

Engine Room / Mechanical

- New hydraulic hoses throughout
- Fresh engine and generator service

Caterpillar engines (including heat exchangers)

Northern Lights generators (including heat exchangers)

- Watermaker serviced
- 220V Scuba air compressor

Steering - New!

- Garmin autopilot
- SeaStar hydraulic steering cylinders and hydraulic hoses (+ spare)
- Hydraulic hoses throughout
- LED lighting

Lazarette - New!

- Industrial flooring
- Teak refinishing
- Refitted work bench

Tender - Maintenance and Refurbishment

- Gas tank flushed
- New gas lines/ fuel pumps to motor
- Outboard motor serviced
- New propeller

Command Bridge and Helm Station

- (2) Stidd stainless helm chairs
- (2) ICOM 604 VHF's
- (3) Garmin 22" displays
- Garmin autopilot
- Garmin Fantom 56 radar
- Flir night / day imaging camera
- Helm personal computer
- (3) Garmin GPS's pls AIS
- Side Power bow / stern thruster control
- Wireless Yacht Controller
- ACR spotlight controller
- Morse electronic engine controls
- Maretron engine controls
- (3) Garmin closed circuit video cameras, display on helm monitors
- Naiad stabilizers, model 254, with Multi Sea II controls
- Power inverter control panel
- ICOM Three-station intercom
- Tank Tender tank management system
- Additional safety rails around upper deck
- Franke sink
- U-Line clear icemaker
- Teak and Ebony sole

Upper Aft Deck

- Removable stainless-steel and teak dinghy chocks
- Nautica 15', 2008, with Yamaha 4-stroke, 60 hp
- Airtex powder coated 1600 lb. davit
- Lynx propane grill
- Norcold refrigerator
- Franke sink
- EPIRB, exterior mounted
- Life raft
- Kahlenberg air horn

Salon

- 50" Flat screen TV on lift
- 8-Zone entertainment system with Salon surround sound
- Fusion Apollo Bluetooth-enabled audio system
- Franke sink
- U-Line clear ice maker
- Sub Zero wine cooler
- Glass and liquor storage
- Custom book storage

- Additional Sub-Zero 2-drawer freezer
- Fisher Paykel single-drawer dishwasher
- Sharp stainless convection microwave
- Stainless faucets / sink / garbage disposal
- Separated filtered drinking water faucet (served by separate 100-gallon drinking water tank)
- Slide out trash bin
- Teak and Ebony soles
- Teak blinds

Crew Cabin

- Side by Side twin berths
- En-suite head with shower
- Refrigerator
- Microwave
- Flat screen TV

Engine Room

Entry to the engine room / lazarette / crew cabin is from the transom through a watertight auto assist door or a sea entry ladder through the rear deck seat or through the flush hatch in the cockpit floor. You pass through a large storage lazarette and twin berth crew cabin. Upon entering the engine room, you immediately notice the head room of more than 6 feet. This is a white engine room accented by polished stainless-steel piping and engine beds. New DeAngelo custom exhaust system accents this spotless room. The twin engines are soft mounted to reduce vibration and coupled with the Centaflex Drive system to further reduce vibration. **TELEMETRY** is extremely quiet and smooth under way.

- Twin Caterpillar 3412 1400 hp engines. Hours as of 12/15/2022 - Port = 1947; Starboard = 1955
- Twin Northern Lights 25kW generators. Hours as of 12/15/2022 - Port = 2492; Starboard = 1885
- 900 gallon / day Sea Recovery water maker with remote control and UV treatment
- Redundant hydraulic steering pumps
- Air Exhaust fans
- Fuel sight gauges
- NAIAD stabilizers Model 254
- Reverso quick change oil system
- Redundant NAIAD hydraulic pumps
- Air intake fans
- Reverso clean diesel fuel polisher
- 96,000 BTU Marine Air chilled water system

Machinery/Mechanical

- Sea water wash down pump

- Spot Zero water treatment plant
- VacuFlush head system
- Side Power bow and stern thruster 48v/20hp
- Lofrans 24V windlass on foredeck (2)
- 80# Plow anchor 250' rode package
- 130# Bruce anchor 300' chain
- MarQuipt boarding ladder
- 5 Stainless N rails on swim platform
- Phase 3 12v and 24v Battery Chargers
- Xantrex 4000w Inverter/Charger
- Glendinning Cablemaster shore power systems, 50 amp - 2 bow & 2 transom
- Hot and cold wash down shower on transom

Spares Included

- Sub-Zero 2-drawer refrigerator / freezer
- Back-up hydraulic steering cylinder set with hydraulic hoses (2)
- CAT engine sensors / electronics
- CAT Save-A-Trip kit
- Generators parts (including sensor wiring harnesses)
- Generator Save-A-Rip kit
- Back-up HVAC chiller unit
- 24-Volt saltwater AC chiller pump
- 120-Volt water pump
- 24-Volt septic / sump pump
- Watermaker / Spot Zero / Engine filters

Miscellaneous

- Extensive teak touch-up and repair
- Stainless-steel helm door kickboards

Salesman's Remarks

TELEMETRY is one of the finest examples of the Marlow Explorer 72E - Command Bridge. A combined effort of David Marlow and an experienced Owner together have created a yacht that has performed above all expectations. An excellent cruiser in all types of weather, cruising at 19 knots, this boat provides a comfortable and safe cruise.

TELEMETRY is a beautiful yacht and her Command Bridge, high gloss teak interior, teak soles inlaid with ebony makes her truly one of a kind. Marlow yachts are designed and built to cross the oceans of the world in comfort and safety while the proprietary Strut Keel© technology allows inland and island cruising with fully protected running gear. Marlow Yachts are certified by Bureau Veritas, ABS (American Bureau of Shipping), Lloyds Register, and ISO 9001, a status enjoyed by less than a handful of pleasure powerboat manufacturers worldwide.
