Engines/Generators

Summary/Description

Boats like this don't come on the market very often. This low hour lightly sailed Jeanneau 410 has been upgraded in 2022 with a Water Maker, Stainless Steel Dinghy Davits and additional Batteries. Configured with the two stateroom one head layout which gives you a larger more spacious primary stateroom forward with center line bed and a large storage garage aft on the port side. On deck the innovative 'walk around deck' layout lets you easily walk into the aft cockpit without having to step over the seating areas. The classic mainsail set up gives you more power in the mainsail too. Her shoal draft gives you so many anchoring options in Florida and the Bahamas too. Diesel Generator New Water Maker New Dinghy Davits Retractable Bow Thruster Additional AGM Batteries Dual 12 " Raymarine GPS Chart Displays Classic Mainsail and Furling Genoa

- Plow Style Anchor with Chain and Rode
- Double Stainless Steel Wire Life Lines with Rail Gates

Brokers Comments

This might just be the perfect cruising yacht for a couple and small family. Configured with the two stateroom layout means that the primary stateroom is forward with plenty of space to move around. The two stateroom layout also means that you get the very desirable 'Garage' style storage space that can be accessed from both the cockpit and down below.
