Patriot - 62' Viking

Vessel Walkthrough

This beautiful 62 Viking Enclosed Bridge Convertible features the highly desirable 4 stateroom, 3 head layout below with a stunning salon, galley and dinette on the main deck.

The forward stateroom is highlighted by the queen berth arrangement and is adjoined by ensuite facilities. The luxurious master suite is to port and offers an abundance of hanging and drawer storage, night stands, and a private head with stall shower adjoin. The starboard guest stateroom sleeps two on upper and lower berths and shares a head and stall shower with the aft starboard cabin which sleeps two on lower berths. Access to this shared head is also from the companionway for day use. The handy washer/dryer are accessed from the companionway as well.

On the main deck, the galley is forward to port and features 6 drawers of SUB ZERO refrigeration, compactor, disposal, custom oven, a four-burner cooktop, sink, microwave/convection oven, and an abundance of drawer and slide out storage areas. To starboard is the functional and comfortable dinette with a custom teak table. The TV is forward above the dinette. Aft to port is the L-shaped upgraded "Dewberry" style lounge with a custom hi-lo, expandable-leaf salon table; the entertainment center and upper electrical panel is opposite. Two bar stools and a clear icemaker add to the amenity list. Access to the flybridge is via a handsome staircase and access to the cockpit is through a sliding electric door, both to starboard. The enclosed flybridge provides an additional entertaining and relaxing area with TV, SUB ZERO two-drawer combination refrigerator/freezer, Hi-Low table, as well as the command center. A Stidd chair and forward-facing bench to port provide additional seating.

Aft through a sliding-door to the aft control area with bench seating and full controls. A ladder provides access from this area directly to the cockpit. The center ladder provides access to the tuna tower from this area.

Electrical System

24v DC/110v AC/240v AC systems, (2) 50amp shore cords on Cablemasters, (2) 21.5 kw Onan generator with 1725/1755 hours (as of August 2023), OCTOPLEX Power distribution system
