Engines/Generators

Summary/Description

.This 2003 Riviera 43 Convertible FULL CIRCLE is as nice as they come. FULL CIRCLE has been maintained by the book with all logs to back it up.

This 2003 Riviera 43 Convertible FULL CIRCLE is as nice as they come. FULL CIRCLE has been maintained by the book with all logs to back it up. Three quarters of the hours are at idle trolling the Caribbean.

All A/Cs have been replaced, refrigerator replaced, Rogue Wave WiFi, newer exhaust manifolds, new electrical side of generator, 20 GPH water maker, new 4-sided enclosure. Don't miss this one - This 2003 Riviera 43 Convertible will not last long!

Broker Remarks

This 43 Riviera is perhaps one of the largest two stateroom, two head boats on the market in its size range. It has a huge air conditioned flybridge with wrap-around lounge style seating. This Riviera has the best of the engine options for the 43 at an optional upgraded cost of \$49,974 the 635HP Cummins QSM11s are the most sought after. Also included with this vessel is a 10' Highfield tender with a Honda 20HP 4-stroke engine and an 800 lb davit.

Vessel Walkthrough

The interior features high gloss teak cabinetry. She has a two stateroom layout featuring two full heads with stall showers, one in the master and one in the guest . The master suite (forward) has a queen size island birth with storage below and private en-suite head. The guest stateroom has very comfortable twin side by side berths, also with en-suite head. The galley is one step down from the salon dinette area . The salon layout is roomy with L-shape bone colored leather sofa and storage underneath. The dinette is slightly forward to starboard with matching leather and a high gloss Teak table. Above the dinette is the entertainment center with a 25" flat screen Toshiba TV with a Clarion stereo/cassette/6 CD changer. Along the starboard side of the salon is Teak cabinetry with drawers and and a U-Line icemaker. The flybridge on the Riviera 43 is huge, with wrap around seating and is air conditioned.

A photograph of an Onan Marine GenSet unit, a black generator with a control panel. The panel features a digital display, several buttons, and labels for 'DC Circuit Breaker', 'Fuel Switch', 'Fault Breaker', and 'Emergency Stop'. Below the unit, a white panel displays a handwritten list of numbers in two columns. To the right of the list is a warning label with a diagram of a fire extinguisher and the text 'Fire Extinguisher Port'. The background is a plain, light-colored wall.
