Maritimo is known for its high-quality builds, excellent offshore performance, beautiful craftsmanship, and unique builds. The X50 is one of the most unique yachts in the world. Maritimo redesigned the use of space in a 50ft yacht to allow features of a much larger vessel. There is no other 50ft yacht in the world with a Beach club, Walk in Engine room, and a Full Beam King Bed master with no steps and a flat ceiling. The volume this boat offers is second to none. This X50 is well equipped with Garmin electronics package, Yacht Controller Joy Stick and much more.
