Mercury/Yamaha

Summary/Description

From the legendary builder of the finest convertible sportfishing yachts in the world comes a new breed of CENTER CONSOLES that sets evolutionary standards in performance, engineering, quality and fishing capabilities - the VALHALLA BOATWORKS V-SERIES.

From the legendary builder of the finest convertible sportfishing yachts in the world comes a new breed of CENTER CONSOLES that sets evolutionary standards in performance, engineering, quality, and fishing capabilities - the VALHALLA BOATWORKS V-SERIES. This 2023 VALHALLA BOATWORKS V-41 model not only boasts the latest in hull design, but it is also equipped with cutting-edge fishing equipment and innovative deck design for storage of rods, gear, tackle, and bait. Also featured is a forward console lounge and optional port and starboard forward seating with forward facing backrests. The consoles of the V-series boats such as this 2023 VALHALLA BOATWORKS V-41 will feature rod storage, a head, sink, and access to electronics, electrical distribution panel and other critical components.

For more information regarding options and pricing please contact us, your North Florida/Georgia VALHALLA BOATWORKS dealer.

Manufacturer Provided Description

FAST AND FAR

The appeal of the flagship V-41 is strong and simple: She's the best big center console on the market, answering the call with high-level fishability, speed, range, and overall performance. This triple- or quad-powered offshore runner is poised to take the reins as the leading high-performance 40-plus-foot center console on the market.

We offer the V-41 with multiple options for power, including a quad setup of Mercury 400s, 450Rs or 300s; a triple installation of the new Yamaha 425s; or a trio of Mercury 400s or 450Rs. No matter the brand or engine size, each application can be configured for joystick helm control with GPS station-keeping technology.

The V-41 will excel on the tournament circuit, with a clean deck layout that maximizes the boat's 360-degree access and an arsenal of standard and optional fishing features to put you in the winner's circle. The transom holds a 90-gallon live well. The decks are filled with insulated fish boxes, and rod holders can be installed virtually anywhere. Live-bait anglers will love the V-41. A raised live well can be integrated into the forward lounge for quick access while fishing from the bow. You can also opt for an in-deck live well in the cockpit, and on-deck live well inlet and discharge fittings can be installed in the transom corners.

The Viking subsidiary Palm Beach Towers will design, fabricate, and install an optional gap tower with a custom hardtop and an upper helm station. "The gap towers will match the quality and design of those on Viking sportfishing boats," says Drew McDowell, PBT General Manager. "Large-diameter piping will be fabricated with angles and tapering locations specifically engineered for maximum strength."

V-41 owners will also have great flexibility when it comes to outfitting the tower. “Not only can you have equipment such as recessed teaser reels, but you can also go for specialized features like integral kite boxes in the forward end of the hardtop,” says Drew. PBT is also designing a custom control box for the gap tower upper helms with a space-saving flush mounting surface.

The V-41 is designed and built to fish, no doubt, but our flagship also excels as a luxury tender or a sleek sport cruiser thanks to her diverse deck layout choices that include an aft mezzanine seating module complete with armrests and an insulated cooler (or live well) under the seat. Forward seating with backrests, an anchor windlass, a port-side dive door and additional cup holders round out the day-cruising conveniences.

“The V-41 takes you to the next level of center console design, fishability, performance and convenience,” says Design Manager David Wilson. “You will be impressed.”

Equipment

Electronics:

- VHF
- Radio
- Cockpit speakers
- Navigation center
- GPS
- Autopilot
- Compass
- Plotter
- Depthsounder
- Radar

Inside Equipment:

- Electric head
- Electric bilge pump
- Battery charger
- Manual bilge pump

Electrical Equipment:

- Shore power inlet

Engine Package Options

- Quad Mercury Verado 400hp

- Quad Mercury Verado 450Rhp
- Quad Mercury Verado V8 300hp
- Triple Mercury Verado 400hp
- Triple Mercury Verado 450Rhp
- Triple Yamaha V8 425hp XTO
