Fuel: Gas/Petrol

Summary/Description

The patented Stepped-V Ventilated Tunnel delivers the softest, driest and most efficient ride of any center console in this size range. Like her larger siblings, the V-33 possesses big-boat technology.

The V-33 was designed for maximum live well and fish box capacity. A standard 52-gallon transom live well anchors the cockpit, and five overboard-draining in-deck fish boxes from 32 to 98 gallons are strategically positioned so you're never more than a half-step from a home for your catch. Choose from an array of fishing equipment and accessories to set up the V-33 for success in your waters and for your type of fishing. Case in point: Live bait anglers can add a second live well under the cockpit sole; on-deck live well inlet and discharge fittings can be installed in the transom corners; and the transom live well interior can be painted dark blue (to help sustain bait life).

The hardtop package comes with an assortment of accessories (Lumitec spreader lights, a six-rod rocket launcher and overhead electronics and radar pods) that'll keep you battle-ready 24/7. You can also get a custom fabricated fold-down marlin tower (with removable sunshade) and fixed or telescoping outriggers from Gemlux or Rupp. Maintenance conveniences include an automatic engine flushing system and Costa Marine covers for the entire boat, or for specific areas like the console, lounge, helm seating and engines.

CUSTOM TOP OPTIONS

Fiberglass hardtop w/polished aluminum supports aft/fwd facing molded-in Lumitec mirage spreader lights, (6) rod rocket launcher, molded-in overhead electronics pod, molded-in radar pod and overhead lights (4) (white/black)
