Summary/Description

Largest model in the Luhrs fleet when she was introduced in 2004, the 41 Convertible offered anglers and cruisers a lot of boat at a very competitive price.

Largest model in the Luhrs fleet when she was introduced in 2004, the 41 Convertible offered anglers and cruisers a lot of boat at a very competitive price. Heavily built on a Modified-V Hull with prop pockets, the super-wide 15'9" beam of the 41 Convertible results in the Cockpit and Cabin dimensions of a much larger boat. Her cherry-wood interior features a spacious Salon with a teak and holly sole, full entertainment center and ultra-leather sofa to starboard that converts into a double berth at the push of a button. A U-shaped Galley with Corian counters, three-burner cook-top, and a convection oven is forward of the lounge. A washer / dryer unit is installed in a Salon cabinet. A large double entry Head with separate stall shower serves both Staterooms. The 41's roomy 85 square foot Cockpit has two large fish boxes in the sole and two transom fish boxes. A tackle center is forward with live well and sink, and a staircase to port leads up to a huge Flybridge that ranks among the largest in her class. A factory hardtop was standard. Cummins 580 hp. diesels cruise in the high 20's (28+ knots top).
