Summary/Description

The CAROLINA LADY is a very clean, remarkably well-maintained vessel and is as turnkey a vessel as you will find on the East Coast.

The CAROLINA LADY is a very clean, remarkably well-maintained vessel and is as turnkey a vessel as you will find on the East Coast. She has been continually updated and engines recently serviced. The seller and his full time Captain and mate have exerted tremendous amount of money and time preparing her for sale. Much of the effort has been focused on the engine compartment and machinery spaces, as evidenced by the extensive chronological items listed within, which in today's market is a rarity! When comparing to similar vessels, review the extensive list noting rebuilt engines with recent 1000-hour MAN service, take into account the vessel has been painted, windows rebbed, crisp headliner and wall coverings, new carpet, etc.

Accommodations

Entering the spacious salon through the starboard side door there is a large L shaped couch with storage underneath. To starboard is the covered breaker panel and storage with shelf under the windows leading the forward dinette. The galley is to port and has corian counter tops, updated subzero drawer style re Fridgeration, large sink with storage below and cooktop under the forward cabinets. There are deep storage cabinets to the starboard of the companionway with a large flat screen TV mounted on an articulating arm and custom cabinetry behind. Stepping down the companionway stairs you find the primary stateroom with walk around queen bed and en-suite head to starboard.

The bunk room is to port and continuing down the companionway is custom rod storage to port and an entrance to the guest head. The forward stateroom has a single full-sized bunk with ample storage and an access door to the guest head.
