Engines/Generators

Summary/Description

If you are in the market for a terrific cruiser/racer, don't miss the opportunity to see this clean and well equipped Catalina 320. Her wide beam, large comfortable cockpit and walk-through transom allows easy access to the swim platform, making her terrific platform for the whole family or crew.

The original 320 was introduced in 1993 with over 1,000 hulls built. The 320 incorporates contemporary styling, smart ergonomics and the latest convenience features along with the excellent performance and handling characteristics the 320 is known for. The sail plan, weight and underbody of the original model has been preserved and continues the integrity of the class, so one-design 320 racing sailors can compete aboard all the 320 models.

From the large cockpit follow the lifelines toward to the bow and find easy passage to the fore deck with wide walkways and stainless steel handrails. Below decks you will find a very organized interior with a 3 cabin layout. The galley features large and easy to access double refrigerated/freezer icebox, double stainless sink, gimballed propane stove/oven, and lots of storage. The private aft cabin has plenty of room to stretch out and offers ample storage and a changing seat. There is good access to the new Beta Marine engine from both the main cabin and the aft cabin.

The main salon has a dinette to port that converts to a double. The settee to stbd is a single. The galley is a U shaped set up that is smart and convenient. The head/shower is opposite to starboard and easy to maintain. As mentioned the enclosed aft stateroom has made this boat a hit and has been copied by the other manufacturers but not as successfully. There are no cushions currently for the aft stateroom.

Galley

- 5.8 cu. ft. refrigerated/freezer Ice box
- 2 Burner propane stove with oven, stainless steel
- Double st. steel sinks
- Hot and Cold pressure Water
- Corian type counter tops throughout galley
