This 64 footer has all the style and luxury befitting her namesake. She's stylish, comfortable and roomy. The Sunseeker Manhattan 64 is big, powerful, luxurious and downright beautiful. This boat offers her new owners a lifestyle of grace and elegance in absolutely stunning surroundings.

The secret behind her excellent performance lies in her hull design. A sharp bow entry allows her to slice through chop and swell effortlessly, while her wide, down-turned and aggressive chines provide lateral stability and trap air between their outer edges and the keel. This gives the hull a cushion of air to ride on, increasing smoothness.
