261KW
Fuel: Gas/Petrol

Summary/Description

AVAILABLE NOW - Mercury Warranty through 9/2025!

Overview

Spacious - Outside and In

Compact does not mean cramped. The walk-around teak decks offer easy passage around the entire perimeter. The helm station covers the captain and two passengers and likewise offers shade to the aft-facing bench (with a slide-out cooler) on the rear deck. A table is conveniently placed between the aft-facing bench and a forward-facing one—which can also convert into a full deck lounge. The bench backrest joins with the backrest of a luxurious aft deck 3-person sun pad that opens to the teak swim platform. That lounge opens to reveal a wide garage to carry water toys and enable engine access—just another example of Astondoa's creative use of space. Another sun pad on the bow faces a teak bow seat that also houses docking gear beneath. Storage is also available under the soft, synthetic leather seating and in various compartments tucked into the sturdy, hand-built cabinetry.

Technology & Features

The helm is outfitted with top-quality navigation and electronics, a leather steering wheel, optional bow thruster, optional joystick controls, a sound system that make entertainment a priority and a windshield that protects both passengers and equipment from the elements.

Behind the helm is an outdoor galley with a grill, refrigerator, and sink, ideal for entertaining, plus a hatch for access to the surprisingly large cabin below.

The nearly 220-gallon fuel tank provides a 200-nautical mile range and a 52-gallon water tank keeps everyone cool, clean and comfortable. The legendary shipyard's signature quality fiberglass construction and handcrafted cabinetry give the sporty **Astondoa 377 Coupe Outboard** yacht a luxury look and feel, worthy of its brand.

Interior Features

The deep freeboard of this Coupe Yacht opens via elegant wood and metal steps at mid-deck to a generous cabin. Two staterooms—one double bow berth and twin bunks aft for comfortable air-conditioned lounging. The long, angular side windows provide ample light to the interior, supplemented by overhead LED lighting strips. A continental galley and private, designer-finished separate head and stand up shower—unusual in this size craft—plus speakers throughout, offer creature comforts to make your day—or overnight at sea, a pleasure for all. **The Astondoa 377 Coupe Outboard**—a lot of boat in 37' – Enjoy!
