Summary/Description

"Raven" is a stunning Northern Marine Long Distance Trawler, boasting the capability to navigate oceans yet easily managed by a two-person team. Meticulously cared for by a knowledgeable captain/owner, she is powered by a John Deere engine and equipped with all the latest systems, including state-of-

"Raven" is a stunning Northern Marine Long Distance Trawler, boasting the capability to navigate oceans yet easily managed by a two-person team. Meticulously cared for by a knowledgeable captain/owner, she is powered by a John Deere engine and equipped with all the latest systems, including state-of-the-art electrical systems and electronics packages. Tastefully decorated and featuring walk-around decks for safety, she offers a comfortable flybridge for sunny days. The 5700 Expedition layout is ideal for cruising couples, with separate guest accommodations forward. With a range of 3000 miles, she instills confidence for worldwide cruising. "Raven" is a standout in any crowd and epitomizes the essence of a cruising yacht.
