Summary/Description

Stresproof is a 2021 Hatteras GT59 Convertible Sportfish that has been kept in immaculate condition by a full-time captain ever since she left the factory.

On Display at the Palm Beach Boat Show, March 21-24, 2024

Stresproof is a 2021 Hatteras GT59 Convertible Sportfish that has been kept in immaculate condition by a full-time captain ever since she left the factory. She offers just about every factory upgrade you can get making her one of the most loaded packaged sportfishing boats in her class available for sale today.

Stresproof offers a 3-stateroom and 2-head layout with the optional custom integrated tackle center in lieu of the 3rd head (day head). Her Kingston Gray hull paint color complemented with a Faux Teak transom make her exterior look sharp and classy. The satin teak wood throughout the interior décor collaborates well with the Cambria countertops and light-colored soft goods throughout. **Stresproof** is powered by a pair of reliable Caterpillar C-32A's 1800 hp engines along with twin Onan 21.5kw generators. She also comes equipped with a Seakeeper 16 gyrostabilizer.

The GT59 has proven to be the most reliable seakeeping and most comfortable riding convertible sportfish under 60 ft. If you're in the market for a lightly used, like-new sportfishing boat that comes with all the bells and whistles, make sure to put **Stresproof** on your list of boats to see. She will not disappoint.

Stresproof is conveniently located in Fort Lauderdale, FL., and is easy to be shown.
