"RA" is being granted a coastwise endorsement on its federal documentation by the Department of Transportation Maritime Administration (MARAD), which allows foreign-built vessels to carry up to twelve passengers for hire. This is a Small Vessel Waiver of the U.S. build requirement in the Passenger Vessel Services Act (PVSA) contained within the Jones Act. The waiver becomes part of the vessel's documentation and stays with the vessel when sold. This allows for a Coastwise Trade Endorsement for the passenger trade with the U.S. Coast Guard (USCG). This allows "RA" to be fully compliant and capable of carrying paying charter guests without the need for a bareboat agreement. Although "RA" has never been chartered, she could certainly be put to work to offset some carrying costs for its new owner.
