Summary/Description

For Sale

2018 42 Aspen C120 Power Catamaran "Calee's Cureall" is a special design by local craftsmen in the Pacific Northwest with details carefully considered for style, ease of use, and longevity. The C120 Power Catamaran (42'6"/12/6 meters LOA) includes grand-sized areas in the salon, staterooms, heads, and cockpit. It is the first boat in this category with 600 sq. ft. of deck and living space.

The C120 Power Catamaran uses Aspen's patented award-winning hull design for ideal performance with a Volvo D6. Design cruise speeds are 16-18 kts with a top speed of 20-23 kts. Fuel economy with the single 435 is 10 gph at 16 kts; 50-60% less than competitive boats. Your fun cruising range just doubled in a day!

The modern design starts in the salon with an amazing open window layout that brings the grand outdoors right to you. With a 360-degree view from every seat in the Salon and each hull has a first-class head with a shower and large vanity. Below the dinette is a queen size guest stateroom, complete with a hanging locker, portlights, and reading lights. Below the galley is a 2nd guest stateroom with a twin bed, portlights, and reading lights. Forward is the beam-to-beam King Island Master stateroom. This stateroom includes port & starboard hanging lockers, drawer sets, starboard vanity, and more.

Aspen C120 Power Catamaran owners and guests can coastal cruise and Loop in complete comfort for weeks or months, effortlessly.
