Summary/Description

For Sale

2014 Tiara Yachts 4500 Sovran "Rock On" is a low-hour vessel and has been extremely well-maintained. The sellers have enhanced her beauty and kept her in Cruise-Ready condition. Tiara's best-selling model features two staterooms and two heads, air-conditioned helm, teak and holly floors, and Garmin touchscreen displays. The signature teak interior throughout the vessel sets her apart from the competition. She shows well and is ready for her new home.

- Transom Grill
- Transom Seat
- Hydraulic Swim Platform
- Underwater Lights
- Rolls Royce Titanium Gray Hull

Description

Power Boat Guide Says: The Tiara 45 Sovran replaced the super-popular 4000/4300 Sovran, one of the best-selling models in the builder's history. (In fact, Rock On's owner had a 4300 Sovran before acquiring the 45 Sovran) With her elegant styling, efficient IPS drive system, and luxury class accommodations, the 4500 still ranks among the finest sport cruisers available in the American market. The 4500 features an integrated windshield/hardtop (with an opening sunroof and solid side glass enclosures), an expansive bi-level cockpit, an integrated swim platform and bow pulpit and a large transom storage trunk. The lower cockpit provides seating for six with facing lounges, a portside jump seat, and an optional teak table that converts to a sun pad. Below deck, the layout of the 4500 Sovran offers a roomy salon and galley, a forward master stateroom with a private head, and an aft guest stateroom with a guest/day head. The foredeck features an automatic rope/chain anchor windlass system with a foot pedal and helm remote switch. Volvo 435hp IPS600 pod drive diesel cruise the 4500 Sovran at 22-24 knots (about 30 knots).

Tiara Yachts Provided Description: Incorporating the lessons learned from over 50 years of seasoned cruising, the upper cockpit of the Tiara 4500 Sovran features an extra-large, tilt-away helm, and a double-wide helm seat. A wet bar with sink and refrigerator offers the comforts of home. The large sliding sunroof and integrated windshield provide maximum airflow along with optimum visibility and sightlines. Technological advances like IPS power systems and joystick control

provide pinpoint docking and maneuverability. The lower cockpit of the 4500 Sovran provides comfort and functionality, with large-facing lounges, a portside jump seat, and a removable table that converts to a spacious sun pad. The interior features a roomy salon and galley, a large forward master stateroom with a private head, and an aft guest stateroom with a separate guest/day head. Built on an unmatched heritage of American-made quality, strength, and seakeeping, the Tiara 4500 Sovran has the style to take your breath away, and the power to bring you safely home again.
