 Location: Starboard

Summary/Description

THREE JAX offers unrivaled 360-degree fishability on a stable, superior riding catamaran platform. The exclusive hull design is capable of taking on rough sea conditions at speed without slamming or pitching! Superbly outfitted for raising trophy gamefish with 2 livewells, massive fishboxes, & more.

2021 Invincible 35 Catamaran

Fish like a pro! The center console hybrid semi-asymmetrical catamaran hull was exclusively designed for Invincible by Morrelli & Melvin, famed designers of world-class racing yachts, in combination with Michael Peters' patented stepped monohull, giving the Invincible Cat 35 unmatched speed (up to 70 mph with the maximum power option—quad Merc 300s), maneuverability, confident cornering, and a dry, comfortable ride as she slices through head seas without pitching and slamming! Her wide 11'8" beam and premium non-skid level decking allow space for multiple anglers to move around on a fish! Invincible has utilized every possible space available for fishability with two livewells (one in transom), tackle storage, loads of rod holders, and multiple insulated coffin boxes for beverages and dry storage—the gigantic fish boxes built into the hull sponsons will fit long fish without bending the tails. Huge fish can be hauled aboard via the side door that also features an integrated swim ladder.

Invincible has designed the Cat 35 for easy handling with a well-designed helm console featuring a full array of electronics, large Garmin screens, and for comfort with triple Llebrog helm seats, and versatile seating in foredeck area and cockpit. The bow platform is ideal for throwing a cast net. THREE JAX has been customized by her owner for bluewater trolling with Gem Deluxe carbon fiber outriggers, Taco center rigger, and more for deep drop and reef fishing. There are so many features, you must step aboard to appreciate the value of this versatile, well-designed and constructed beauty—that could be yours! Call NOW.

Manufacturer Provided Description

With the 35' catamaran, Invincible will be offering more power configurations than ever before. Twin-outboards have been a major request from customers, so quite a few different twin packages will be offered. Quad-outboard configurations will also be available. Each configuration will be properly balanced to maintain a perfect running angle with no need for extra negative trim or ballast. Additional seating options will be available. The separate, large coffin boxes remain standard, however there will be an option for a built-in console-coffin as well. The top will double as a two-person lounge seat while the inside will be a large insulated coffin box.

Vessel Details

Overview:

This 2021 35' Invincible Catamaran is a proven fish catcher. Captain maintained with no expense spared on maintenance costs. All service records available. Features Twin 16" Garmin MFD, 12" Simrad MFD, open array Garmin Radar, Dual Icom VHF Radios, Fusion head unit with an impressive JL Audio Amp/Speaker package.
