Summary/Description

Rare opportunity to own a beautiful custom 61ft F&S express sportfish yacht loaded with amenities for serious offshore fishing & family cruising. Unique hull design with longitudinal steps enhances performance & stability in offshore sea conditions. Designed for easy owner operation. LIKE NEW--CALL!

2020 Custom Carolina 61 F&S Hardtop Express Fish Sportfish

SOUL CANDY NAME IS RESERVED

SOUL CANDY IS CAPTAIN MAINTAINED

The 61' F&S Express Hardtop Sportfish, SOUL CANDY, was custom CAD designed to accommodate a tall owner's height in the interior cabins as well as the helm's line of sight—over the bow and aft to the 120 sq ft cockpit's Release Marine fighting chair! The beautiful, Teak cockpit features the signature F&S curved mezzanine deck and centerline step, in-transom windowed baitwell, and is fully outfitted with full custom tower by Palm Beach Towers, hydraulic outriggers, custom rod storage, freezers, in-deck fish boxes and more. The helm console is designed for easy owner operation with state-of-the-art electronics that include Furuno's Omni commercial sonar and three networked Garmin displays. Redundant equipment and systems and plenty of built-in storage allow extended fishing trips to the Gulf of Mexico and the Bahamas and family vacation cruises. A Seakeeper 9 gyro stabilizer keeps her steady and comfortable.

The F&S cold-molded longitudinally stepped variable deadrise hull, combined with the Carolina style flared bow and traditional broken sheer, is engineered to deliver the softest and fastest ride and excellent seakeeping. SOUL CANDY's luxurious two-stateroom, two-head layout was designed for family-friendly cruising and entertaining. En-Suite master stateroom is on portside and the forward guest stateroom features crossover upper/lower berths. A settee at the companionway landing can sleep an extra guest, if needed. The fully enclosed helm deck with salon and galley features a 360 degree view with huge custom single piece curved glass windows on both sides. A power retracting-window system opens the salon to cockpit. Galley with concealed appliances is conveniently positioned starboard aft. A large HDTV rises from the starboard countertop and further forward, a bar with bottle and glass storage rises electronically for cocktail hour. The salon's port and aft corner features a large L-shaped sofa and coffee table. Above on portside, is a custom overhead rod storage locker. SOUL CANDY's traditional, satin-finished book-matched Teak veneer cabinetry, joinery and trim are masterfully crafted for an elegant, superbly designed interior.
