## Comments

This boat shows very well with no damage history and has just been fully serviced. This was a Massachusetts boat until three years ago and was always well kept showing no signs of ever being fished, (though equipped to do so). Her cushions and all vinyl are very new-like in condition. There are no fiberglass issues visible and the gel-coat shows no signs of repair.

At 30 MPH the fuel burn is reported at 13 GPH for a fuel economy of 2.2 MPG. Full throttle is 45 MPH.

Currently lift kept by an owner who is moving down in size.

There is no trailer included.
