Summary/Description

2016 SeaHunter 35 Tournament

"MR FISH" is a professionally operated 35 Tournament outfitted with nearly everything you could want in a center console. Powered with the desirable Yamaha F300's and is equipped with Yamaha's Helm Master joystick system. This boat's helm is equipped with some of the best, from Garmin screens, Icom, Fusion, second station, lounge, dive door, dual live wells, custom wing enclosure, Rupp Z30 outriggers, and much more. Call today to schedule your showing.

Manufacturer Provided Description

Seahunter Boats has designed the ultimate mid 30 foot center console on the water today. With an ultra wide, stable platform the Seahunter 35 is able to give you more power options, more fuel capacity, more interior options than ever before. The patented deep V design allows for maximum comfort at any speed while keeping all occupants on the boat dry and safe. Whether you are a professional fisherman, a weekend warrior or a weekend cruiser, the Seahunter 35 offers you more than any other boat in its class.

Whether you're a flats fisherman who stalks the back country and shallow water flats or an offshore fisherman prowling the open sea, SeaHunter wants to build your custom dream boat. Our goal is to build the highest quality boats, customized for each owner, providing years of enjoyment.

Each boat has several customization options that can be configured based on your preference. Because customizing the boat is such an important process, we'll gladly spend time with you discussing your needs, recommending what may work best for you, as well as, what has worked for other owners. At the same time, have peace of mind knowing that we've carefully tested and delivered all configurations so that no matter how the boat is customized, the result will be a perfect fit.

Vessel Walkthrough

Seahunter Boats has designed the ultimate mid 30-foot center console on the water today. With an ultra-wide, stable platform the Seahunter 35 can give you more power, more fuel capacity, more interior volume than ever before. The patented deep V design allows for maximum comfort at any speed while keeping all occupants on the boat dry and safe.
