Summary/Description

This 2018 Greenline 33 has been meticulously maintained by her current owners. With low bridge clearance and plenty of livability, the yacht has proven itself to be an extremely popular Great Loop boat. The bow and stern thruster ensure the vessel is extremely easy to maneuver in tight quarters.

This 2018 Greenline 33 for sale is located in Stuart, Florida. She has been meticulously maintained by her current owners and Soon Reach is ready to go. Are you interested in doing the Great Loop? With low bridge clearance (14'6" with antenna up and 10'7" with antenna down) and plenty of livability, the Greenline 33 has proven itself to be an extremely popular loop boat. The bow and stern thruster ensure the vessel is extremely easy to maneuver in tight quarters. On the roof you will find 6 integrated solar panels provide 1.4KW of power. The single Volvo D3 Diesel engine provides a range of up to 700 nautical miles from a 132 gallon fuel tank. If you need to get up and go the top speed is 16 knots. Dedicated stateroom with for two and a dinette can convert to accommodate guests. The transom drops down and makes a swim platform creating more cockpit space with easy water access. A West Marine 9-foot tender, Torqeedo 9.9 Electric motor and over \$2K in spare parts are included.

Accommodations

This Greenline 33 describes the perfect vessel: Cocktails for 8, Dinner For 4 and sleeps 2! However, if guests are joining you the dinette does convert into berth as you will see in the pictures of this listing. The main cabin has a double berth which can be converted into two single berths as well. As with all Greenlines, there is a tremendous amount of natural light provided through the windows in the Master Stateroom and Salon. There is a single head with a day head entrance as well as an ensuite entrance from the master stateroom.

Galley

There is an extremely large refrigerator and freezer for a vessel of this size. Additionally, you will find a two-burner induction cooktop and separate microwave as well as toaster oven. One unique feature is that the back splash converts into a countertop when the aft window is opened, combining the indoor and outdoor living spaces.

Electrical

This vessel is equipped with Lithium batteries and six integrated solar panels providing 1400 watts of power. You can run the air conditioning while at anchor with no generator noise! Two air conditioning units can be run from the inverter or from shore power. The power management system was recently upgraded with two Victron controllers and energy color control head. When at the dock there is a 30 amp power cord.

Electronics

This Greenline 33 is equipped with a Raymarine Electronics, including a A95 multi-function color display highlighting radar, GPS, Depth and Speed. Also included is a EV-200 Autopilot and Raymarine VHF. Entertainment is provided by a Fusion AV750 stereo and a Samsung television mounted in the main salon. A 10" color screen highlighting a backup camera has recently been added.

Recent Owner Upgrades Include:

- Anchor Raw Water Washdown - in addition to already existing fresh water washdown
- Windlass Winch Handle
